- Polyester/Seacell

Sustainable Products

- Recycled Polyester/Viscose
- Bamboo/Cotton/Linen
- Recycled Polyester/Bamboo/Linen
- Recycled Polyester/Cotton
- Recycled Polyester/Bamboo/Silk
- Organic Cotton

Carpet Yarns

- 100% Viscose
- Viscose/Wool
- Viscose/Linen
- Bamboo Linen
- 100% Acrylic
- Polyester/Cotton

Sustainability

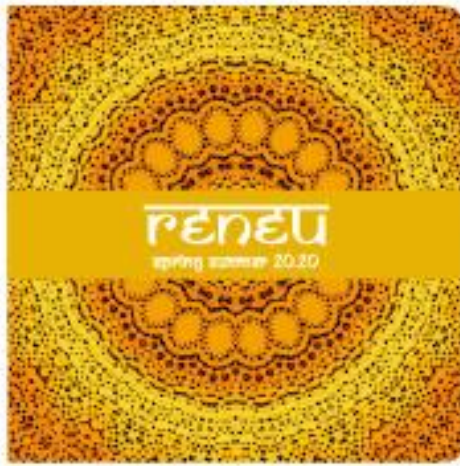

RSWM
FIBRE GREEN
WEAR IT FOR THE PLANET

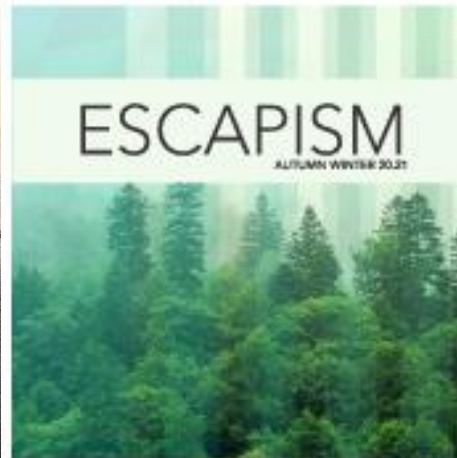

Disposed PET bottles are converted into flakes which are turned into fibre in different denier and cut for spinning into yarn. In terms of performance, these recycled 100% polyester fibres are just like virgin polyester fibre and RSWM is having a production capacity in excess of 3,600 tonnes per month.

25 MWs of Solar Roof top panels
