# COMPANY PROFILE

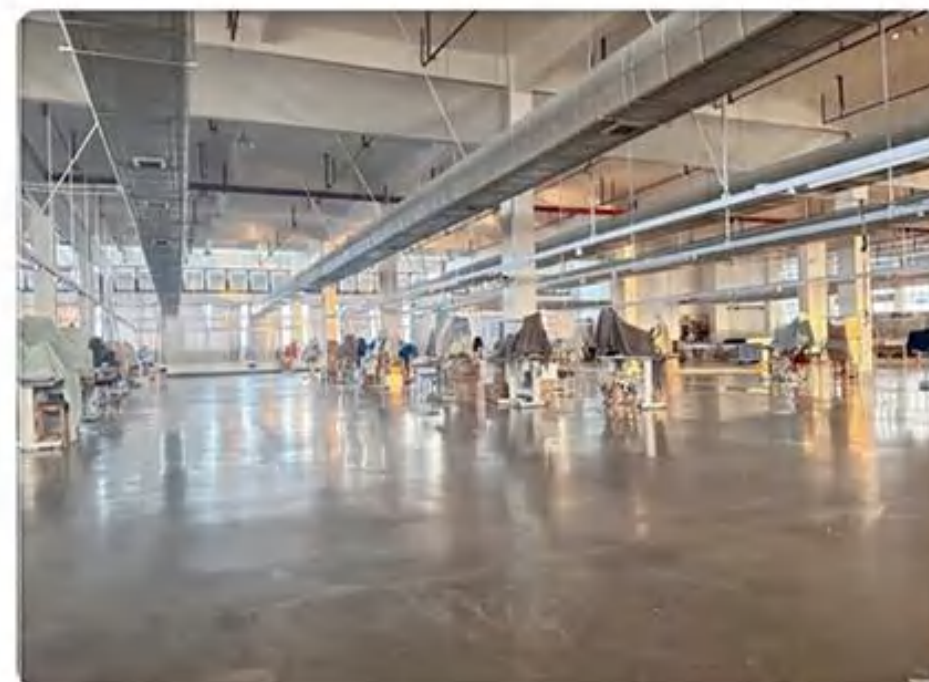

ZHEJIANG BENYI TEXTILE  
TECHNOLOGY CO.,LTD

Zhejiang Benyi Textile Technology Co., Ltd. is a professional united fleece fabrics, blanket, carpet and rug manufacturer in China. Our company is located in Shaoxing city, which is the biggest textile wholesale market in Asia. We have own weaving and dyeing factories, which enable us to control the entire production chain, keeping good quality and lead time.

United fleece fabric is Bene' patented woven technology that creates new composite-free integrated fabrics to replace traditional 2-layer soft-shells composited. This technology eliminates the use of glue and formaldehyde, reducing chemical use and energy consumption during production, and decreasing the carbon footprint.

As a company specializing in textile technology, Zhejiang Bene Textile Technology Co., Ltd. is committed to promoting environmental protection and sustainability.
