GAÌÀ

Signature Series es la insignia de excelencia de Agora, que surge del encuentro del diseño y la funcionalidad. Agora Studio crea la primera colección de la serie: Gaià, donde la experiencia en el arte del tejido se pone al frente para elevar el diseño al siguiente nivel.

Signature Series is Agora's excellence staple, created from the merging of design and functionality. Agora Studio creates the first collection of the series: Gaià, where experience in the art of weaving is at the forefront to elevate the design to the next level.

El nombre de esta colección, Gaià, alude al río que cruza cerca de nuestra sede, así como a la antigua diosa griega que personifica a la Madre Tierra. Así, al igual que el río, que fluye y confluye, y brinda vida a lo largo de su travesía, Agora Gaià teje y entreteje telas que avivan los espacios abiertos.

The name of this collection, Gaià, alludes to the river that flows near our headquarters, as well as to the ancient Greek goddess who personifies Mother Earth. Just like the river, which flows and converges, and brings life along its journey, Agora Gaià weaves fabrics that breathe life into outdoor spaces.

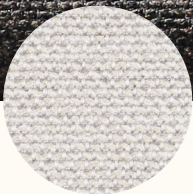

Agora Gaià presenta diferentes tejidos, cada uno con un carácter propio para la creación de diversos ambientes que resalten la personalidad e individualidad de quienes los escogen.

Agora Gaià displays different fabrics, each with its own character to create diverse spaces that highlight the personality and individuality of those that choose them.
