Introduction

In parallel to the massive restructuring of the state-owned Egyptian textile sector, ECH was founded in 2021 as the 10th subsidiary of the cotton and textiles holding company.

- ECH is the sole sales and marketing arm of all the 8 sister subsidiary textile companies.
- We offer a wide range of products along the entire textiles value chain, from the production of yarns and fabrics, up to home-textiles & ready-made garments.

- Our purpose is to improve and develop marketing tactics to reach global markets in a professional manner, commensurate with the huge investments in the spinning and weaving industry to revive Egyptian cotton industry and retake the lead again.

Number Of Mills

- 62 Mills cover the whole textiles of the supply chain.
