Environmental, Social, & Governance (ESG)

At NS Creations Pvt Ltd., we are deeply committed to upholding our role as responsible citizens by consistently adhering to the social and environmental standards mandated by our nation. This commitment extends to our business practices, where we prioritize fair and ethical means in all our endeavors.

01 Sustainable Waste Management and Compliance

In line with this commitment, we have established a partnership with M/s Bharat Waste Management Services to ensure the proper disposal of all factory waste in strict accordance with government regulations outlined in the Factory Act. This includes the responsible handling and disposal of materials such as machine oil, old light fixtures, and other industrial byproducts.

02 Charge Toward a Low-Carbon Future

Furthermore, we are actively pursuing initiatives in the field of green energy within our factory premises. As part of these efforts, we are proud to announce the upcoming installation of a solar plant. By harnessing solar energy, we aim to significantly reduce our carbon footprint and contribute to a healthier environment for all.

03 Employee Friendly policies and culture

In addition to our environmental initiatives, we prioritize the well-being of our employees. As such, we provide comprehensive medical insurance policies to ensure their medical security. This offers financial assistance during times of need and serves as a precautionary measure to protect them from health risks. At NS Creations Pvt Ltd., the health and safety of our employees are paramount, and we remain committed to their well-being in every aspect of our operations.
