ABOUT US

KAUSHAL INTERNATIONAL is one of the leading manufacturer & exporter of home furnishing products from India. We are a SEDEX Compliant company (for Social accountability). At present we are exporting our products to many retailers & wholesalers in the USA, Denmark, Netherlands, France, Spain, Norway, UAE, Australia & many other countries. We are specialized in making designer quilts. We can make products under your brand label too. We are capable to make quilts/ Bedspreads/cushion/napkins & their coordinated accessories in any design as per your required size and color.

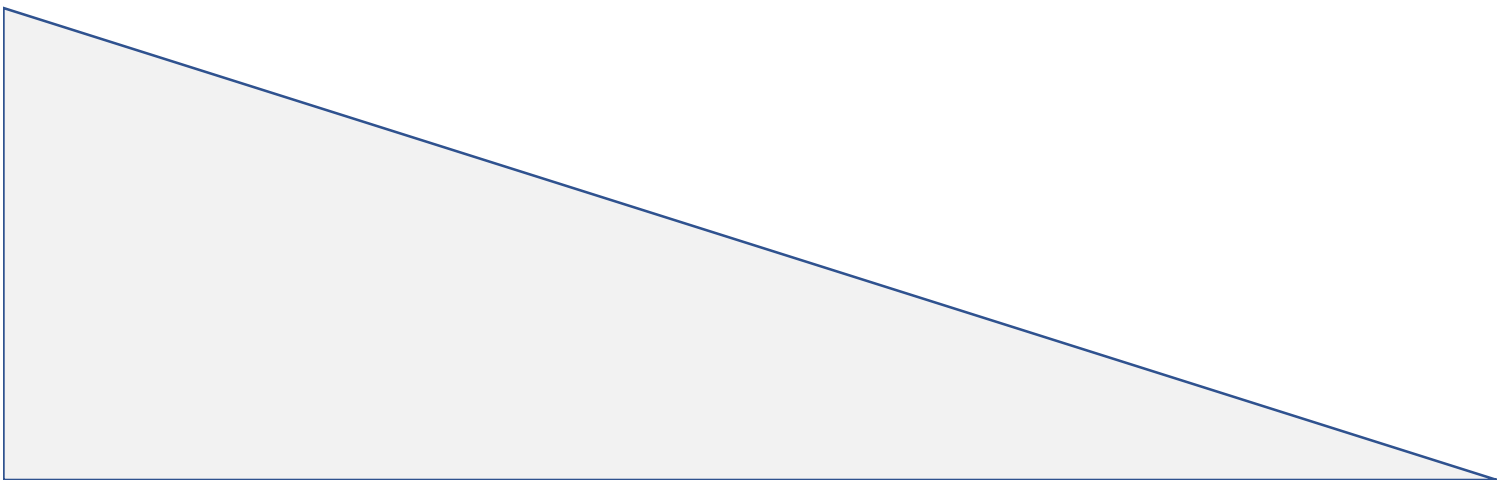

KAUSHAL INTERNATIONAL Established in 2011 and has earned a reputation of reliable source of premium, luxurious Home Furnishing products. We are using eco-friendly natural raw material and prefer organic linen, cotton, silk, jute, etc finding more opportunities to save energy. Our products are Azo Free and REACH compliant. KAUSHAL INTERNATIONAL aim to contribute to the sustainable development of society and that of the environment with which we interact. We are committed to ethically and socially responsible business practices.

MISSION

To provide world class Home Furnishing Products, to create experience where passion and purpose come together with creativity and innovation. We are committed to create mutual beneficial connection with customer around the world through inspiring product design, quality service, fine premium products and high perceived value to earn their trust and build a lifetime relation.

VISION

Our Vision is to augment all different process including weaving & dyeing under one roof so as to provide the highest quality of home textile products as per customer's requirement with shorter lead time and with best possible quality, while continuously improving product offering, value for money and company's performance through improved partnership with Customers.

OUR PROCESS

PLAN

Research & fieldwork.

Generally, we begins with our own idea or inspiration defined by our clients to understand customer's requirements to convert the designs into products.

DESIGN

Creating a strategy.

A brief explanation is given to our designers team to analysis the actual requirements and the inspirations received, which gets them started on drawing board and previous product samples bunch.

BUILD

Design & development.

Once we have made sample products or selections, our production team receives all the required information, product development instructions where they carefully work on the production lineups and defines the time period window of finalize the orders.

REVIEW

Deploying the product.

We regularly compare our plans against the targets to develop a finer relationships, and are always open to receive both positive and negative reviews. Replying to these reviews demonstrates the willingness to improve further.
