About Us

- 35 YEAR EXPERIENCE
- FULL INTEGRATION
- 5 COUNTRIES, 8 LOCATIONS
- ECO-FRIENDLY COMPANY
- R&D CENTER

Gamateks® is a company, which was found by Osman Aydınli and started production in 1984 in Denizli. Today, the company is able to make full integrated production from fabric to clothing in 100.000 m² indoor area in various locations around the World with its 3000 employees. It has been taking firm steps towards being a global brand with support of Turquality by Ministry of Economy of Turkish Republic.

In 2013, Gamateks® was declared at the first rank in the second 500 biggest industrial companies list (ISO 500), prepared by Istanbul Chamber of Industry. Today it takes place among the first 500 biggest companies list of the same organisation.

Gamateks®, having \$ 100 million annual turnover and 3.200.000 pieces sewed products capacity, is both able to export fabric and has got clothing factories in 6 different locations, which one of them is located in Alexandria, Egypt.

Designing teams in Turkey, London, Machester, Germany, Australia and Italy work with the aim of meeting customer expectations and changing trends in the best way.

Gamateks® manufactures knit fabric, home textile, home wear, outerwear and sportech textiles and exports to prestigious brand companies in England and Europe. In the mean time, international designing team keeps the company's own works of collection and these collections are exhibited in international fairs and shows.

The company's customer range has some of the giant brands of the World such as; C&A and Rodeo Sportswear, F&F and F&F Sportswear, Active, Inditex, Mango, Marks & Spencer, River Island and Riactive Sportswear, United Colors of Benetton and Zara.

GAMATEKS

A Better Life with Eco-Friendly Production

One of the most important reasons why Gamateks is preferred is that it is safe for human and the environment. Gamateks follows a policy that follows ISO14001 Environmental Management Standard, Global Organic Textile Standard GOTS, BCI, Organic 100 and Organic Blended cotton standards for a better agriculture, a better environment and healthier human life.
