# A MANUFACTURER OF **HOME & HOSPITALITY TEXTILES**

[sales@acmemills.com.pk](mailto:sales@acmemills.com.pk) | [www.acmemills.com.pk](http://www.acmemills.com.pk)

# Our Story

Acme Mills (Pvt) Ltd was established in 1965 in Karachi, Pakistan. Acme Mills has grown to become a leading textile manufacturer, specializing in home and hospitality textiles. Our production facilities have the latest air-jet weaving and precision stitching technologies, enabling us to serve clients across North America and other global markets.

With over fifty years of industry experience, Acme Mills offers a wide range of products that deliver exceptional quality at competitive prices. We ensure every product provides high value, consistently exceeding industry standards. Our dedicated team is committed to sustainability and customer satisfaction, focusing on continuous improvement and innovation in our products.

Acme Mills now employs a workforce of over 300 employees, all committed to continuously striving for product excellence and superior quality in every product we produce.

# OUR VALUES

**INTEGRITY**

**CUSTOMER  
ORIENTED**

**TEAMWORK**

**INNOVATION**

**EXCELLENCE**

**TRUST**

## WEAVING

Our fabric-weaving machinery consists of modern Picanol Summum air jet weaving looms from Belgium. The fabric made on these state-of-the-art air jet looms, using the highest quality of yarn, is the reason that the products we make are considered top-of-the-line in global markets. Our annual capacity is 15 million lbs for towels and 10 million meters for fabric.

## STITCHING

Our stitching unit is based on the latest Japanese Juki stitching machines where made ups are stitched. Equipped with highly sophisticated machines; over lock, safety, single, two and four needle machines are used depending upon the product specification.

## PROCESSING

Our fabric processing facility is one of the largest and most modern facility of Pakistan. We use high-quality materials for processing that prevents allergies and gives a vibrant look and soft feel to our products. Our dedication to innovation and sustainability ensures that we deliver textiles that exceed industry standards while minimizing environmental impact.

## QUALITY CONTROL

To meet the stringent demand of our customers for high quality we ensure that each product shipped out from our factory is thoroughly tested and inspected for performance, color, fastness, and long-lasting durability. Our commitment to exceeding customer expectations extends beyond production, as we continuously invest in research and development to address evolving market needs.

# EXPORTING

## ALL AROUND THE GLOBE !!

- Acme has been exporting its products to multiple countries in North America, South America, Europe, Australia, Asia, and the Middle East for over five decades.
- The longevity of our customer relationships is a testament to our commitment to manufacturing high-quality products.
- We prioritize customer satisfaction and strive to ensure the happiness of our clients all around the world.
- Our product catalog is comprehensive and encompasses a wide range of offerings.
- Our global reach and successful partnerships showcase our dedication to delivering exceptional products to customers worldwide.

# CORPORATE SOCIAL RESPONSIBILITY

## Workers Welfare

Acme Mills places the welfare of its employees first and foremost in its Corporate Social Responsibility. We ensure all employees undergo hazard prevention training for their safety. Additionally, we invest in education programs to develop a highly skilled workforce, empowering our employees for professional growth. Recently, Acme Mills launched the "Acme Mills Employee Meal Program." Through this initiative, we have hired an in-house kitchen team to provide meals free of cost to our employees. Mills invested in hiring an in-house kitchen team to provide our employees meals free of cost.

## Female Inclusion in Workforce

Over the past decade, Acme Mills has focused on female inclusion into our workforce and our teaching team has trained numerous women increasing female representation in our workforce by 50%.
