Company Profile

ABOUT US

At Asacotex, our purpose is simple: to live and deliver wow.

60 years ago, we began as a small fabric exporter that only sold Greige or processed fabrics to our clients. Today, we still sell fabrics — as well as finished Home-Textile articles, Promotional Items, Baby Care products, accessories, and more. That "more" is providing the very best customer service, customer experience, and company culture. We aim to inspire the world by showing it's possible to simultaneously deliver happiness to customers, employees, vendors, shareholders, and the community in a long-term, sustainable way.

The textile community always trusts ASACOTEX for their quality products with best competitive prices for prompt delivery and personalized service and attention. The company's main target for export is THE European Union, Canada & USA.

We hope that in the future people won't even realize we started by exporting fabrics. Instead, they'll know ASACOTEX as a manufacturing and export company that just happens to sell _____.
