

## What is PrintLab?

PrintLab allows you to design and create a truly unique fabric for your project.

1

### Bespoke designs

Send us your design, work with us to edit a current design or even create a fully bespoke design. We have in-house designers ready to work with you!

2

### Choose your fabric

Choose from a range of 19 base fabrics suitable for curtains, bedding and upholstery.

Select any additional performance features such as waterproof, stain resistance or anti-microbial.

3

### Sample

Once the design is agreed, we will provide a sample digitally printed onto your chosen base cloth.

### Order.

Order as much as you like! There are no minimum order quantities with PrintLab.
