

ReNAT is the **recycled polyester yarns** produced from used **PET bottles**.

Certified with the GRS; **Global Recycling Standard**.

ReNAT effectively **sustains natural resources** and reduces environmental impact by using **environmentally-friendly** recycling processes.

This product is produced by post consumer recycled materials.

BASE COLORS

There are **25 unicolors** of ReNAT.

The **feed yarn** is final **150/72 POY RD SD**. We produce all yarns by **plying**.

This collection is **suitable for 150 to 600 deniers textured & 300 to 2000 deniers air textured** both available in **uni or multicolor**. You can find a wide variety of fancy yarns produced by these materials in the **product list**.

**The photos might differ from the real color.
Please request the color card.*

**ReNAT provides a range of unicolor or melange products in various qualities.*

NEW COLORS

There is an option to request **new colors** with the **minimum order quantity of 2 tons per color**.

MOQ is Jumbo Box for all items
 1/2 MOQ with 0,10 Euro surcharge
 60-80 kgs (depending yarn) 0,20 Euro Surcharge

**Please ask for special production*

We have **full range final 150/72 stock system**.
 And **production textured and air textured in 1 week**.
 Also, **raw white POY and FDY 75 to 300 denier in the stock system**.

**Please ask for further information.*

PRODUCTION PROCESS

Conscious people toss
 pet bottles in to recycle bins
 and don't treat them as trash

Collected bottles are cleaned,
 chopped and melted then turned
 into recycled PET CHIPS

Recycled pet chips are transformed
 into ReNAT yarns.

ReNat yarns are used for various
 applications such as Fashion,
 Home and Contract

**All counts are in deniers.*

**Flame Retardant version is available. Please check ReNAT FR Brochure.*
