About Us

United Overseas is known as one of the leading manufacturers and exporters of Home furnishing Made-ups & Floor Covering, not only in India but also all over the globe. Having extensive experience, we have been manufacturing and exporting our exceptional products according to clients' requirements since 1992. With our comprehensive range of fashionable hand-made carpets, rugs and home furnishings, we are always eager to design and develop the top-notch products with utmost quality standards.

United Overseas and **Elegant home** both are sister concerned companies, the rugs and floor covering products are sourced from Elegant Home, which is Walmart certified.

Our Collection

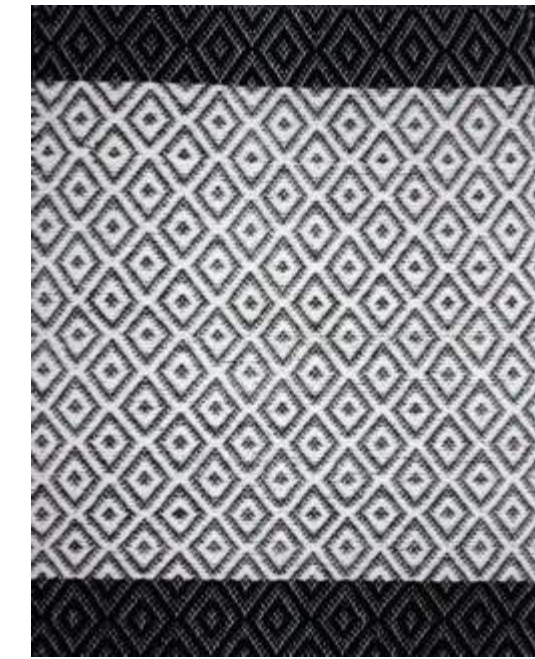

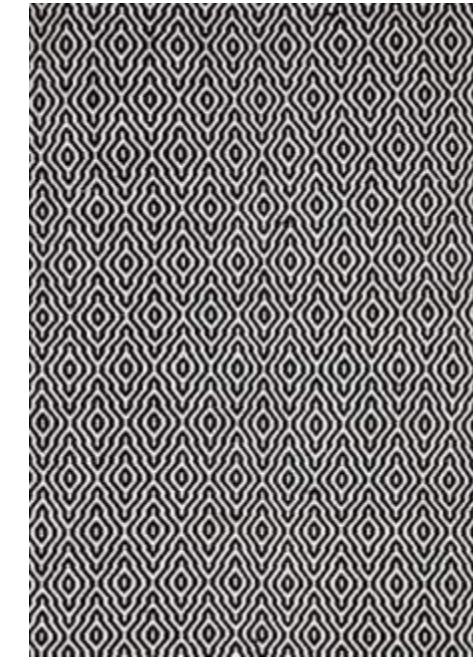

At United Overseas, we create complete home decor solutions From outdoor to indoor including Rugs, Throws, Cushions, Poufs, Baskets and Wall-hangings. Our collection features an exclusive design to enhance the beauty of your dream home. Each product is made to give an extra visual to attract eyes. Our products fuses diligent craftsmanship with modern style.

They are created with classic hand weaving techniques and modern artful accents to recite a tale that is both timeless and personal.

Hand Woven Cotton Rugs

Our Woven Cotton Rug is the perfect Natural accent for any space. This highly textural Woven cotton rug with an organic vibe is as durable as it is beautiful. While rugs made of Cotton, Chenille, and other natural fibers can look very similar, cotton rugs, as Elegant explained, are made with a harder weave and are thus more durable than other natural fiber rugs, making them great for places like hallways and living areas

Hand Tufted Cotton Rugs

Tufted Cotton rugs, the vintage beauties, have a story to tell. The Hand tufted rugs have character and soul. This makes these Cotton rugs so special and beautiful. The patterns and colours are a reflection of everyday life. They might look abstract, but that's not the case. The rugs were made as floor covering, but also as cape, blanket and bed.

Natural Fiber Jute Rugs

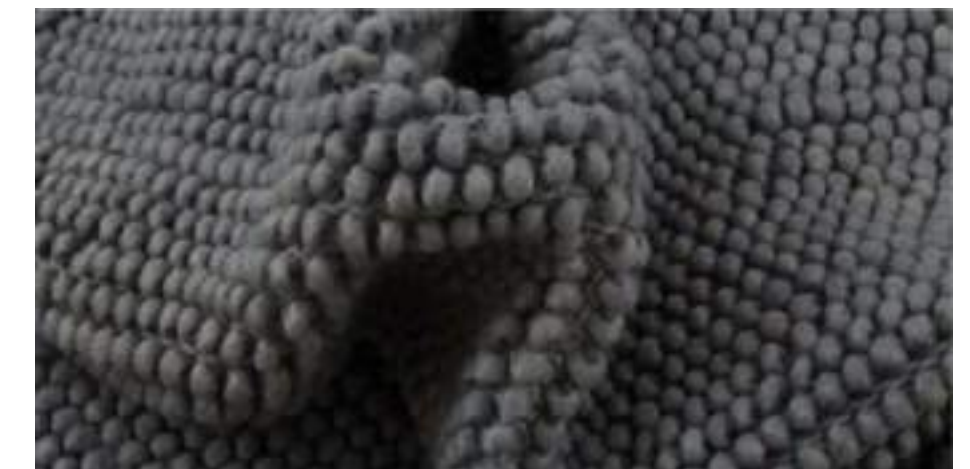

Our Braided Jute Rug is the perfect Natural accent for any space. This highly textural braided jute and cotton rug with an organic vibe is as durable as it is beautiful. While rugs made of sisal, jute, and other natural fibers can look very similar, sisal rugs, as Elegant explained, are made with a harder weave and are thus more durable than other natural fiber rugs, making them great for places like hallways and living areas

Handwoven Wool Rugs

Pure New Zealand wool is formed into thick yarns, woven into a chunky knit design to create a rug full of warmth and texture. The highest quality wool gives a wonderfully soft feeling underfoot whilst being durable and robust.

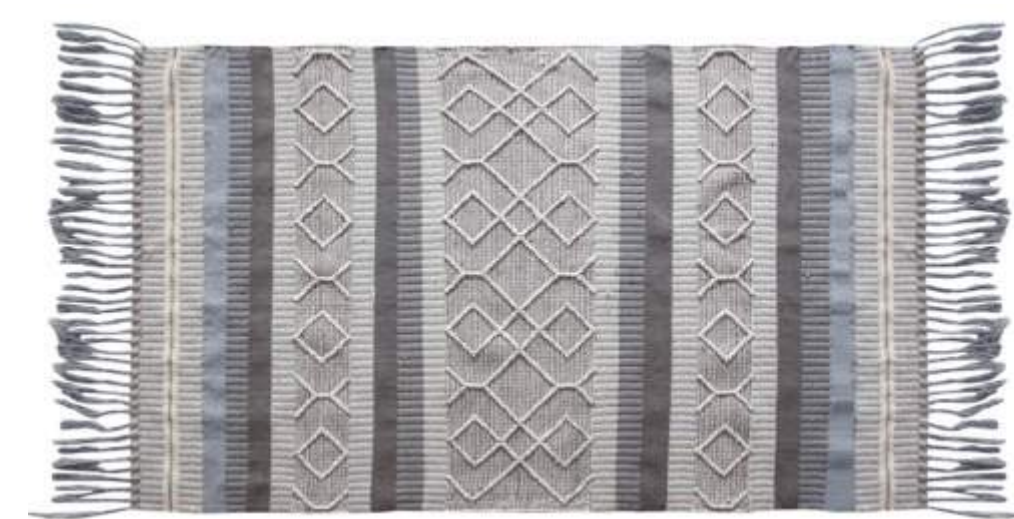

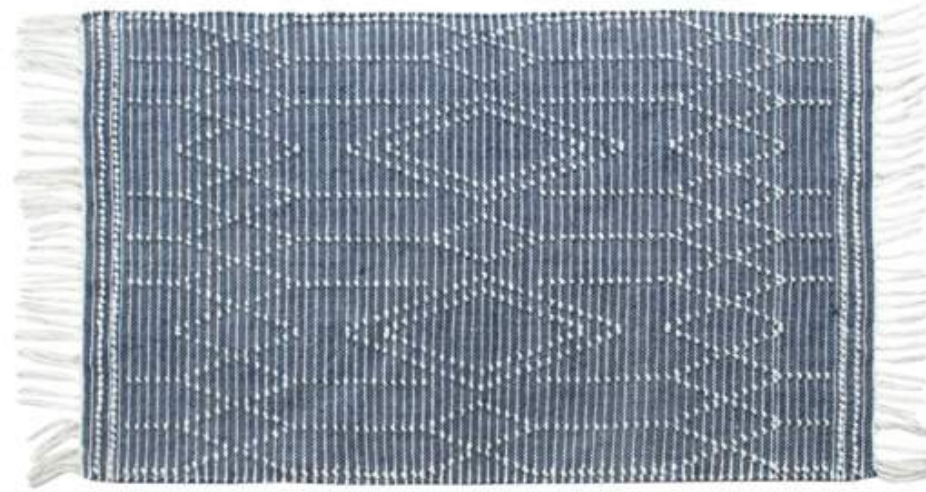

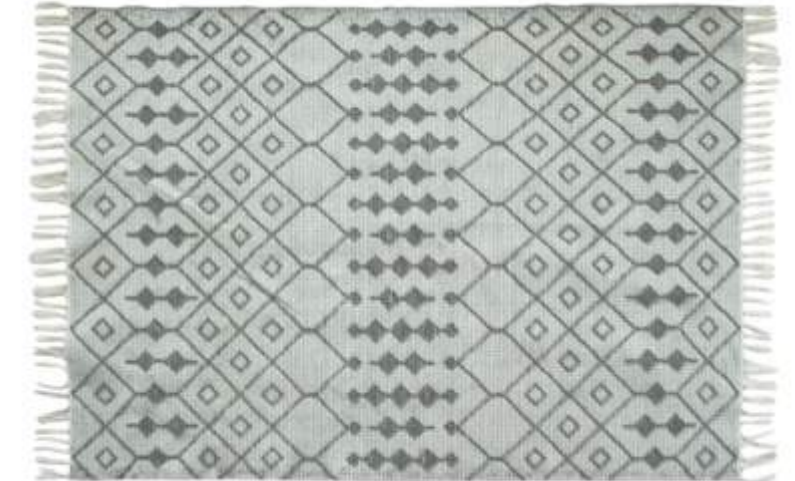

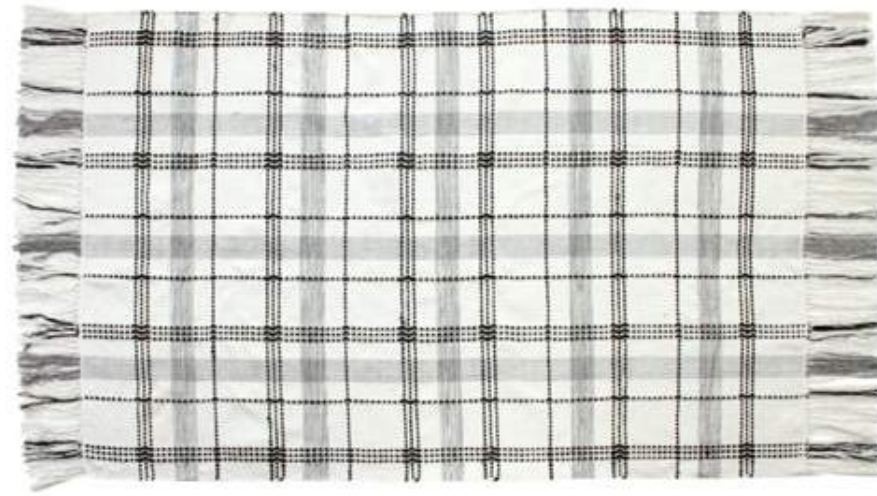

Hand Tufted Wool Rugs

On trend Berber designs tufted from microfiber or wool. A thick, luxuriously long pile adds comfort and warmth to the home

Outdoor/Indoor PET Rugs

Flat weave rugs are woven flat resulting in a thin profile and no pile. Also known as dhurrie or kilim rugs, flat weaves often feature a repeating or geometric pattern in contemporary, minimalist or traditional designs.

Our selection of flatweaves are hand-woven by skilled artisans on a horizontal loom from cotton, wool and PET.

PET is a synthetic fiber made from recycled plastics. This sustainable approach to making homewares has a great green message that can be conveyed to the consumer.

Printed Rugs

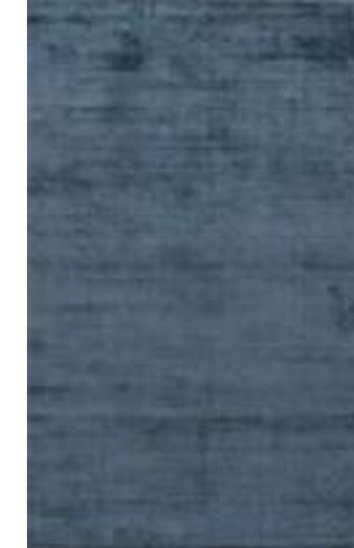

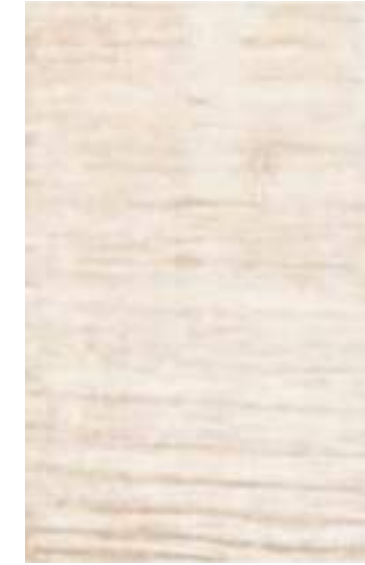

Chenille Rugs

Handwoven Viscose Carpet

Viscos is a regenerated fiber that has the look and feel of silk, whilst being luxuriously thick and warm with a great luster, a perfect fiber for making rugs. Our range of cut pile and loop pile and textured viscos rugs add elegance glamour to any interior.

Circular Knitting Carpets

Hand Tufted Microfiber 3D Carpets

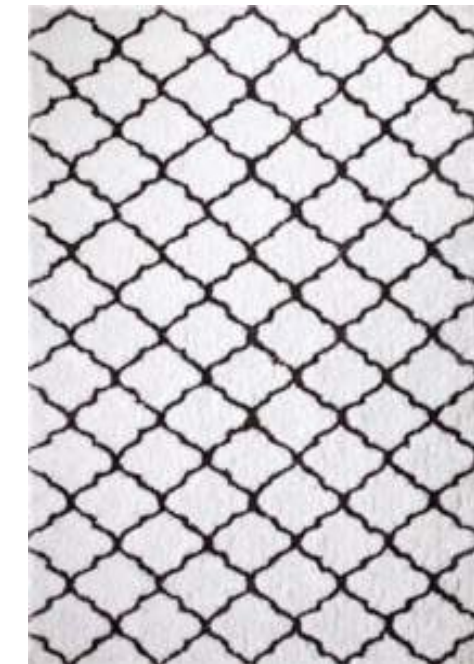

Our 3D micro polyester Shag Rugs are versatile and perfect for both homes and offices. They are crafted from high-quality materials such as wool, polyester, and microfiber to ensure durability and comfort. These shaggy carpets are available in a variety of patterns, designs, and colors to cater to our clients' unique preferences. We offer customization services where we can make any size and color according to your specific needs. With thousands of designs to choose from, our rugs feature multiple piles that enhance their aesthetic appeal and functionality.

Hand Tufted Polyester Shag Carpet

Set an artful foundation in your living room seating ensemble or give the master suite a makeover from underfoot with this essential area rug. Its bold geometric pattern makes it a perfect pick for modern spaces. Made in India, it's hand-tufted using Microfiber with a normal pile height that's easy to maintain with regular vacuuming. This piece is backed, so we recommend a rug pad to keep it safely in place.

Highland Shaggy Carpet

Superfine, silky yarn is used to create a thick, plush rug with an elegant luxe look.

As with all our tufted rugs, the highland is available in a range of weights, from 2500GSM-4000GSM

Jacquard Carpets

Natural Fiber Jute Round rugs

Our Braided Jute Rug is the perfect natural accent for any space. This highly textural braided jute and cotton rug with an organic vibe is as durable as it is beautiful. While rugs made of sisal, jute and other natural fibers can look very similar, sisal rugs, as elegantly explained, are made with a harder weave and are thus more durable than other natural fiber rugs, making them great for places like hallways and living areas.
