A LEGACY OF INNOVATION  
& EXCELLENCE

# ROOMI FABRICS

Roomi Fabrics, innovation is at the heart of everything we do. We test our ideas and initiatives with the utmost precision before integrating our insight into the product development process. Since 1946, our relentless efforts have ensured we deliver sustainable product innovation.

We follow a policy of continuous modernization and this has led us in upgrading technologies to keep pace with changing preferences for fibre selection, fabric construction and processing needs. Our best-in-class technology and machinery at the manufacturing plants have resulted in enhanced production flexibility, quality, efficiency and resource utilization.

Moving forward, we will remain buoyant on the fundamentals of this industry. Our clear focus on the value-added yarn business coupled with a refined business strategy for the home textile and apparel segment will enable us to deliver improved and sustainable performance.

A large, light gray, stylized letter 'R' logo is positioned on the right side of the page. The 'R' is composed of a vertical stem and a curved top and bottom arm, rendered in a clean, modern serif font.

## HOME TEXTILE

Roomi Fabrics Ltd.

Roomi Fabrics has a dedicated Home Textile division that produces a wide range of made-ups in sheet sets, comforter sets, cushions and tablecloths etc. As part of a textile conglomerate, our Home Textile division is vertically integrated and equipped with cutting-edge technology and an automated stitching system.

Our embellished and non-embellished products for institutional, basic and retail bedding are

produced as per international quality standards. These are the hallmark of consistent quality and value for money. With a combination of our premium propositions, we maintain a significant position in the markets of Europe, the United States and South America.

# TERRY TOWEL

Roomi Fabrics Ltd.

Towels are subject to changing fashions and the market is constantly demanding new designs with improved fabric characteristics. At Roomi Fabrics, we have successfully been able to respond to these continuous changes and achieved customers' satisfaction globally by providing a range of premium terry towels with the latest trends.

The biggest strength of Roomi Fabrics is its in-house access to the leading spinners and ginners. This allows us to manufacture each of the products with a commitment to give the best range to customers in terms of quality and prices.

## 100,000+
