COLLECTION**

Hometex is a commercial and manufacturer company, focused on home products made of alpaca fiber such as duvets, mattress toppers, pillows, throws & plaids, among others.

We are committed to sustainability and the ethical treatment of animals. Our core values revolve around offering products that are not only eco-friendly but also cruelty-free.

Our lightweight, hypoallergenic duvets owe their qualities to alpaca fiber's natural lightness and low lanolin content. Alpaca's inherent thermal properties make it an ideal choice for home goods.

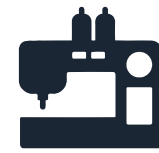

Our dedication to sustainability, animal welfare, and fair trade shines through in every product.

ALPACA BENEFITS

HANDMADE

Every duvet is made by hand according to ethical working conditions in our factory in Peru.

Our alpaca wool comes direct from Peru and is processed under eco-friendly conditions.

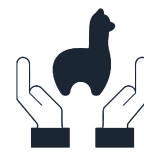

ANTIBACTERIAL

The keratin in alpaca wool fibers allows bacteria to be effectively suppressed.

ANIMAL-FRIENDLY

All alpacas are reared in their natural habitat and the wool is consciously shorn in an animal-friendly way.

MADE TO MEASURE

Every duvet could be customized because each one is produced handmade.

PERFECT TEMPERATURE

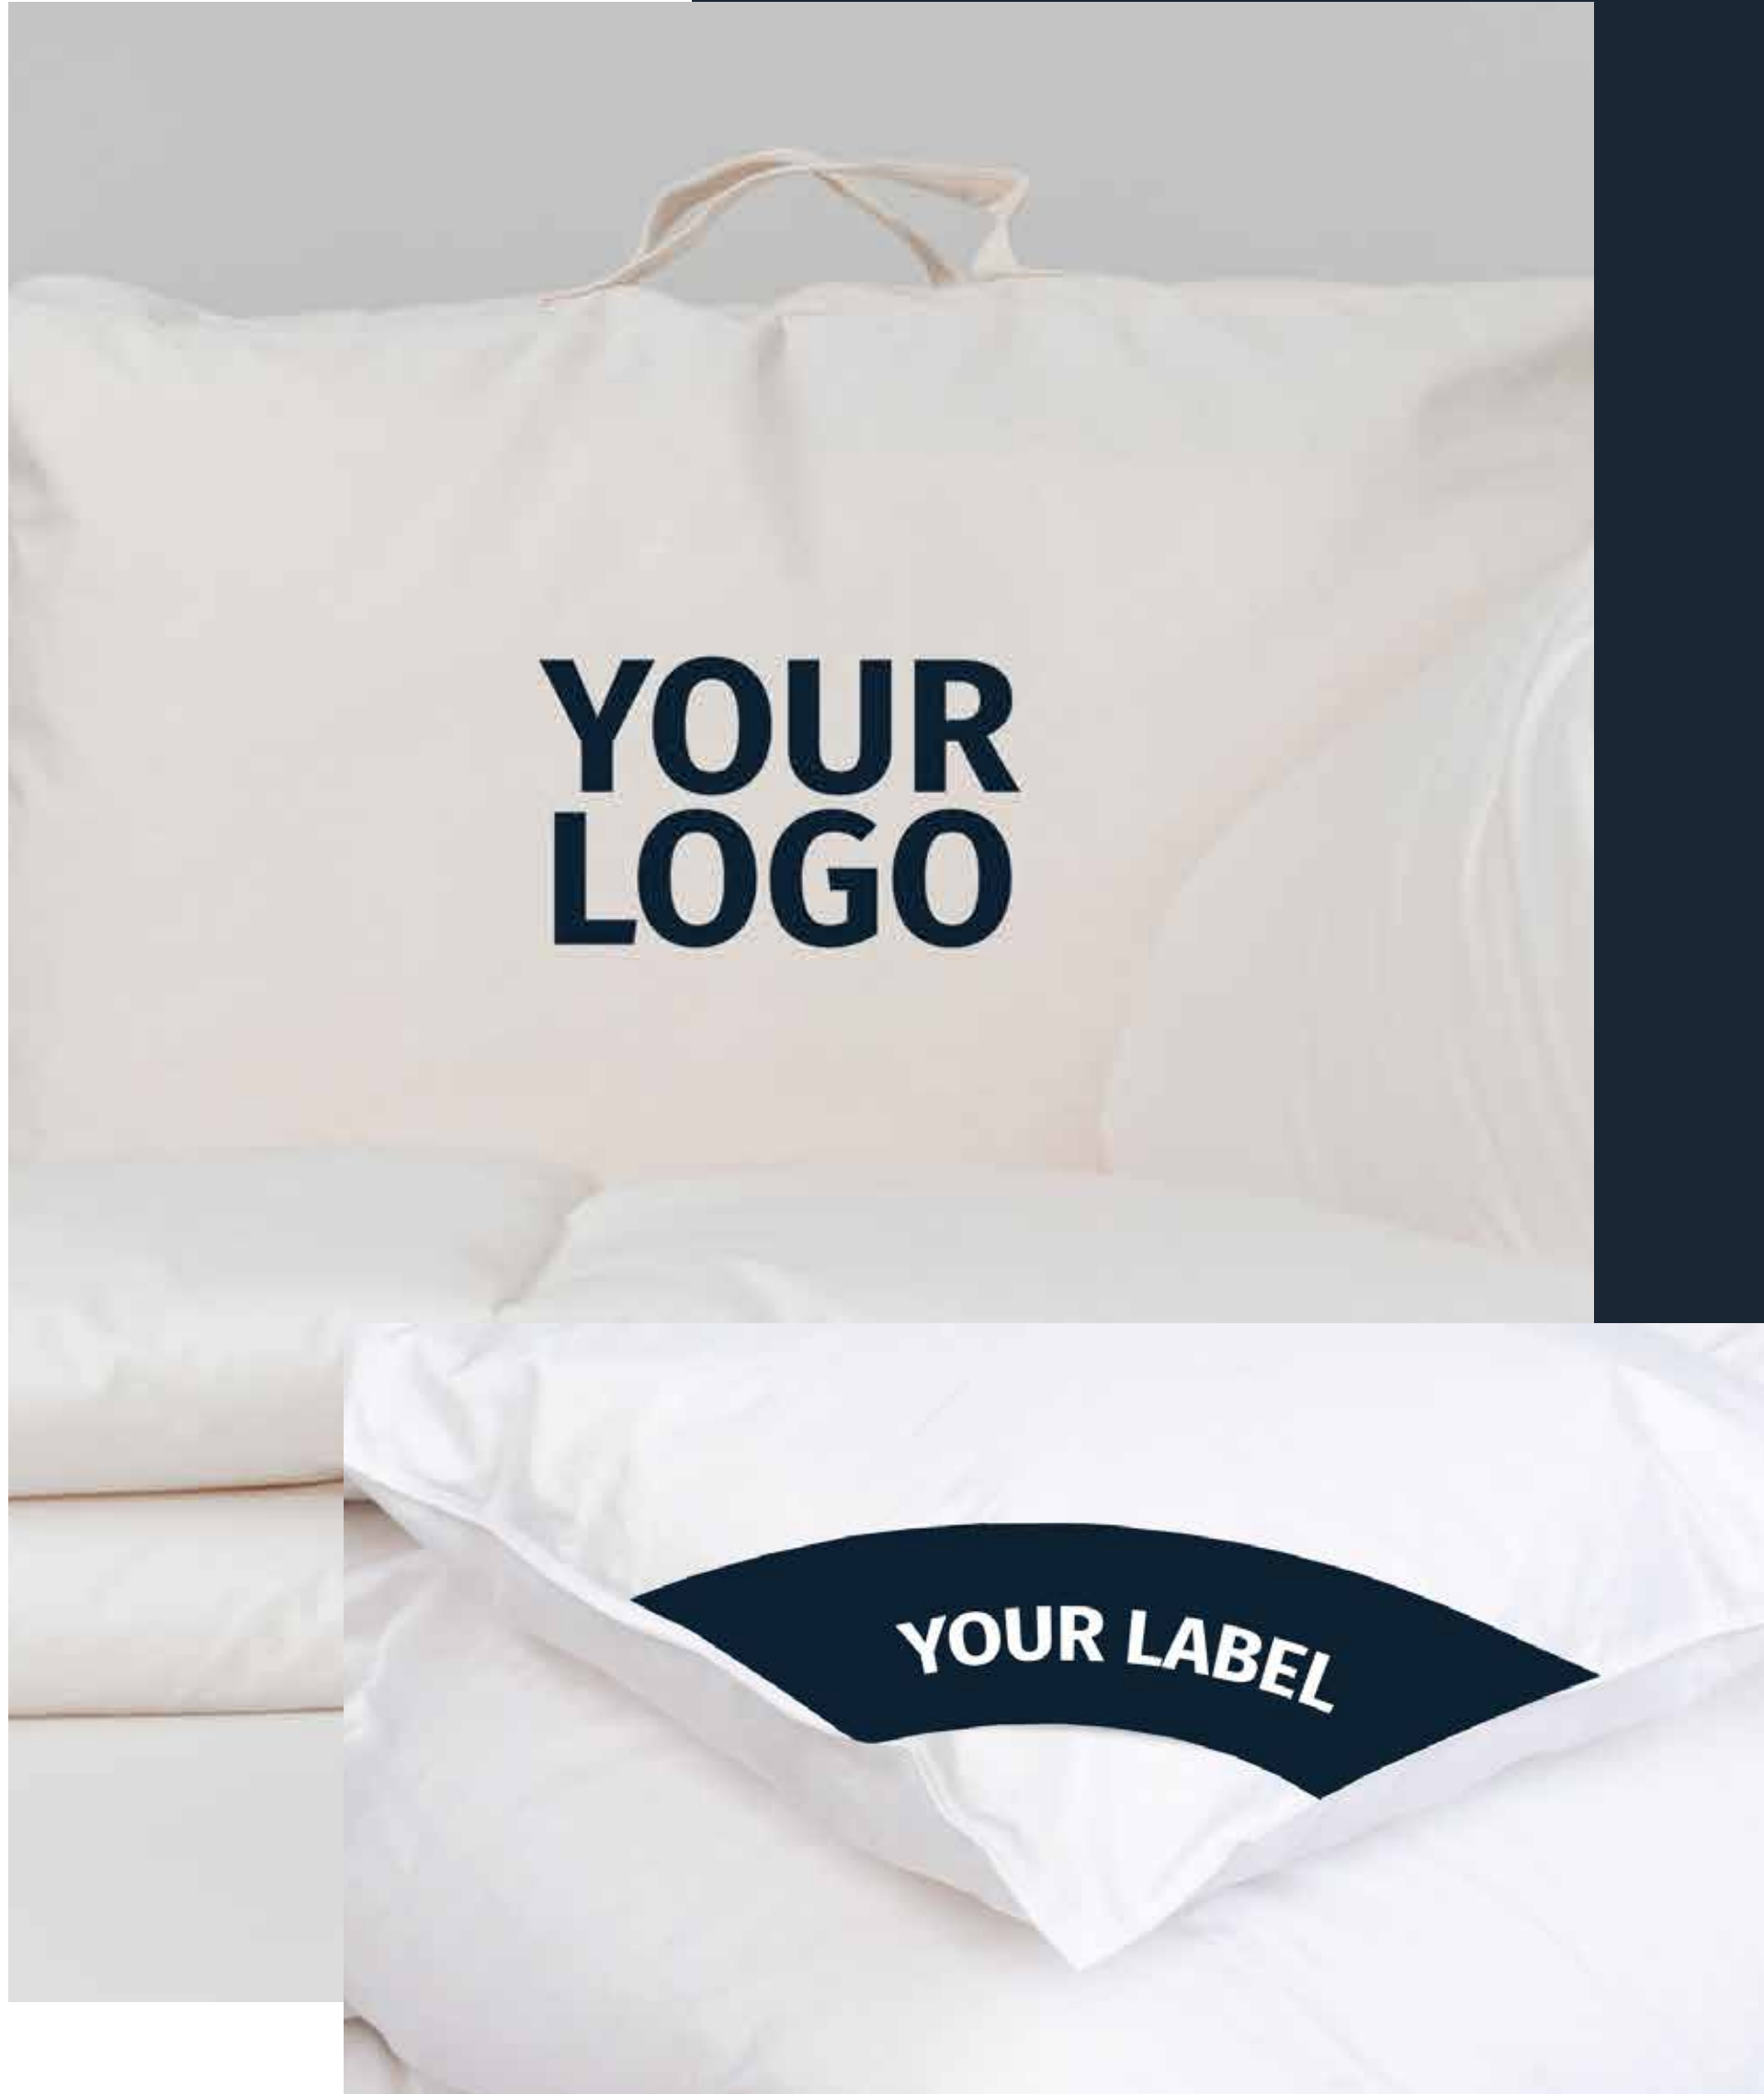

The structure of alpaca wool is both breathable and flexible, allowing it to adapt to the body's temperature perfectly.
