❑ Firm has achieved remarkable progress in the field within a very short span of time.

❑ Mrs. Sangeeta Jain entered the export business in the year 1994.

❑ Soon, her designs became popular among the world market and appreciated by many top brands in the world.

❑ She holds Master's degree in Textile designing.

❑ After gaining great exposure in European market, Sharco Enterprises formed in the year 2002 and achieved commendable progress in the business.

❑ Under the guidance and fabulous experience of Mr. Sanjiv Jain and Mrs. Sangeeta Jain, Sharco continue to remain one of the top companies in the handicraft-based textiles. Through innovation and constant improvement, we look forward to build up more landmarks in the textile industry.

Operations & Products:

- Innovation is the key of our business.
- We make throws and cushions by mixing various yarns like cotton, linen, polyester, acrylic, nylon etc.
- We are using the best ever raw materials which are coming from the very remote areas of the country.
- Such raw-materials are reaching the factory after overcoming various hurdles as they are available in very remote areas only.
- For dye work, we use chemical free and azo free dyes in strict compliance with the European standards.
- From designing till the successful delivery, we give utmost importance to all the technical and social compliances..
- We keep on developing the new styles/designs.
- We have a strong team of merchants, designers and production managers.
- We constantly communicate with our customers/buyers to understand their preferences and trends.
- Our packaging is very special as we are using attractive handmade and recycled paper.
