The maribbon company was founded in 1986.

Its major field of production is the curtain tapes, which are produced at our companies manufacturing plant under the supervision of master technicians with great experience in flawless production and are sold throu out our wholesale network to retail out lets in Greece. We also export to many countries to and out side of the European Union.

Our Companies Vision is to offer the highest standard of quality and innovating designs to meet the needs of our clients with new products, offering the best market price and fast service to our clients.

The maribbon company is a complete streamline production house, it understands its market needs after years of Research & Development, using the best raw materials from around the world, listing us as among European leaders around the world.

As a complete manufacturing unit the maribbon company takes place at a variety of trade expositions in Europe, where it shows its complete range and new designs to the market.

Throu out these pages you will come familiar with details of our large collection of products produced and offered by the maribbon company.
