

## Company Profile

Handan Hanguang OA Toner Co., Ltd is a manufacturing enterprise located at No.12 Zhongchuan Road, Economic Development Zone, Handan, China. Established in June 2004, the company is specializing in R&D, production and sales of consumables of copiers and laser printers with toner powder as its main product. With the registered capital of 250 million RMB and total asset 604 million RMB the company now has 472 staff, including 30 graduates and 140 more undergraduates.

As one of the few enterprises that pioneered toner manufacturing capable of large-scale production in China, the company played an important role in promoting the transfer of printing consumables industry base into China and highlighting the strength and value of MADE IN CHINA brands. The company is dedicated in developing compatible toner for HP, Samsung, Ricoh, Brother, Kyocera, Xerox, Sharp, Toshiba, Minolta, Konica, Cannon, Lexmark, and HANGUANG printers and copiers, as well as products and services for several OEM factories.

The company now has 16 toner production lines.
