item: **Recycled Cotton Khadi & Kantha Tote**

Old Cotton Garments get a second chance when they are shredded back into fibers & then those fibers are handspun into Yarn by elderly women in villages , which is then hand-woven into fabrics .Recycled Khadi can be dyed in any earthen colors , While Kantha is all different mixed printed fabrics which are up cycled by stitching layers of those pieces of fabrics together by a running stitch . of khadi.

Gives added income to marginalized Elderly women & households from Villages in Uttar Pradesh , who handspun recycled cotton fibers into yarns & fabrics &

Upcycled Sari - Chindi

Old Vintage India Sarees (a Indian garment consists of a drape varying from 4.5 to 8 meters) . Get a chance of another life , as a gorgeous colorful fashion accessory .

Our person collects the most beautiful sarees from all over Delhi. They do that by means of a very old barter system. Indian women trade their sarees for kitchen utensils like pots & pans. Our factory then cuts the most beautiful pieces from the sarees into stripes and they are hand-woven as weft into fabrics , which are then stitched in our factory into gorgeous bags, pouches , cushions , rugs etc

Composition: 98% Polyester (reused indian sari fabric)
