

RANJAKAA

Ranjakaa, has been established since 2014, but has been operating for fourteen years under its parent company where the business was originally making small accessories with offcuts. It then grew, becoming an established production house in its own right. The company is situated in the industrial area of Jaipur, Rajasthan, India with manpower of approx. 100 people.

The company exports to France, Spain, Greece, UK, the USA and Australia.

With strong design aesthetics and experienced Quality Production team, the timely delivery is one of the most important objective for RANJAKAA. The company is SEDEX certified.

The combination of various fabrics and surface embellishment techniques is the unique Selling Point for the company. The prices are market sensitive balancing with fair trade practises.

A woman own company where most of the employees are women. However men also play an equal role in running the company. The salaries depend on the performance and not on the gender.

The strengths of Indian crafts, the design exposure and the complete understanding of international markets makes it unique.

Embroidery - hand and machine, Printing – Screen, Block, Metal, Digital, Tie and Dye, Crochet, Macrame, Braiding, Textures, Quilting, Smocking are some of the strengths.
