## Natural Shape Salt lamps

All natural lamps are categorized on the bases of the weight they carry. Each lamp is carefully crafted by hand to retain the beautiful, natural shape of the rock. All Salt lamps are fitted with a wooden or onyx marble base. Naturally all of our handicrafts are individually unique and not every lamp are same, in style, color, design, shape and the size may also vary from pictures and general provided measurements.

## Crafted Salt lamps

These are the most common shapes of the salt lamps we produce. In this category, Lamps are crafted with the machines by experienced crafters. So this is the why that most of the lamps come in the same size and shape comparing to natural shapes. Although the machines used are not digital, an experienced crafter is needed to shape them in a regular size. Here some of the shapes are displayed. If you are looking for any other which is not here, please do not hesitate to contact us.
