Office coworkers

Couple whose kids are grown up

Bob Unique Selling Points

- washes perfectly well
(certified with European CE mark, Japanese PSE, Taiwanese BSMI, Argentinian IRAM, etc.)
- no need for water connection (integrated tank)

And compared with other brands :

- faster (20 min only)
- quieter (43dB only)
- uses less energy (0,43 kWh/cycle only)
- uses less water (average 3L only)
- lighter so cheaper shipping fee and more handy
- 2 years warranty vs standard 1 year
- customizable (color, inside light, music, basket, cycle, etc.)
- highly repairable (9,3 best European repairability index)
- automatic touch sensor opening
- eco-friendly (made of 85% recycled plastic)

Basket accessories
Extra modules for bowls, plates...
MSRP=19,90€ - 8€ EXW – MOQ 24 pcs

Charles, UK

“The both of us are living in South London and have absolutely no room for a standard dishwasher. **Bob** was the ideal solution, especially because it **doesn't require a water supply connection.**”

Seiko, Japan

“We are a **four members family**. I prefer using **Bob** daily to wash our dishes quickly, rather than having a larger dishwasher and wait a few days until it's full. Especially on summer, when dishes easily smell... “

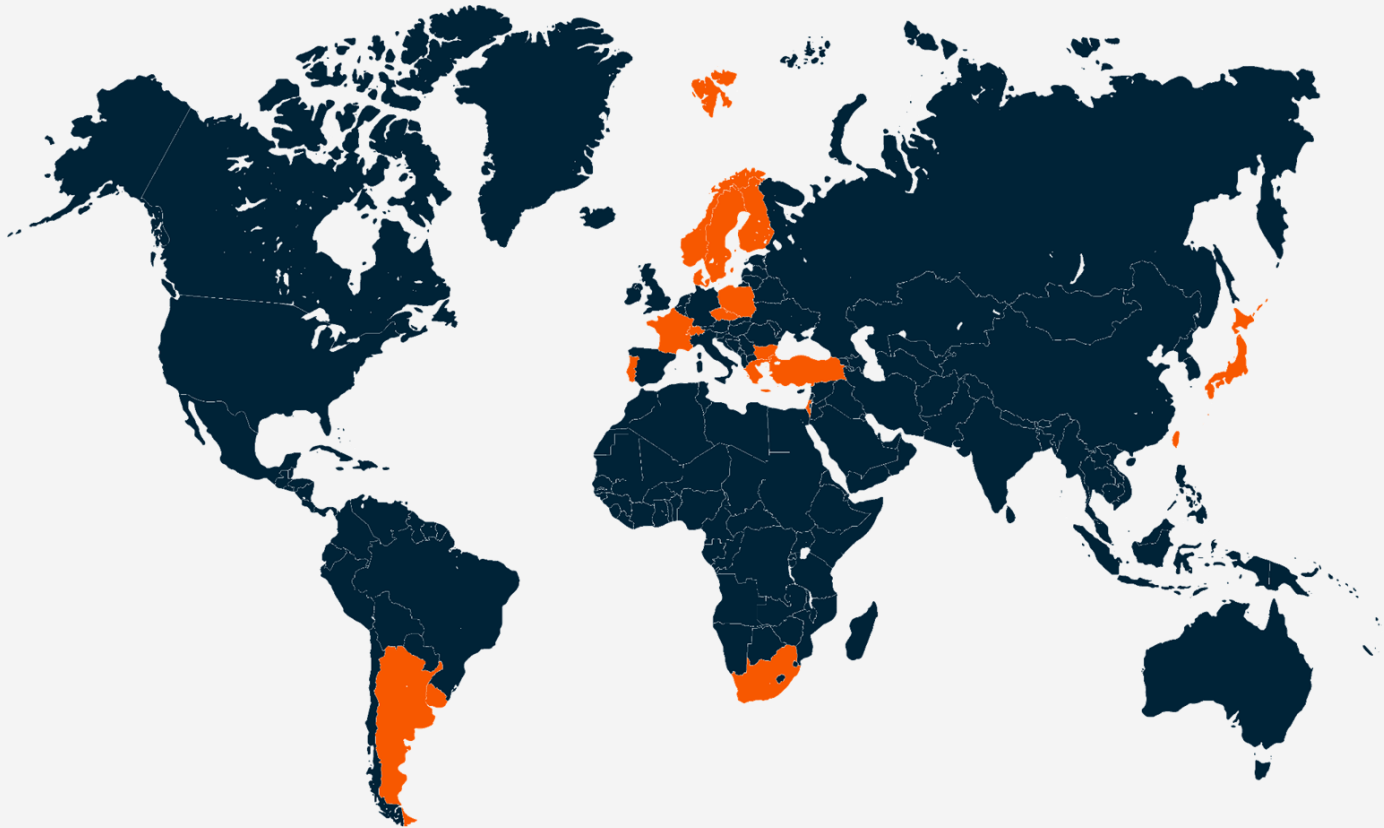

Alex, The Netherlands

“What also made us choose **Bob**, is the fact it **is made in Europe from recycled components.** I personally share the values of Daan Tech about preserving resources and environment. “

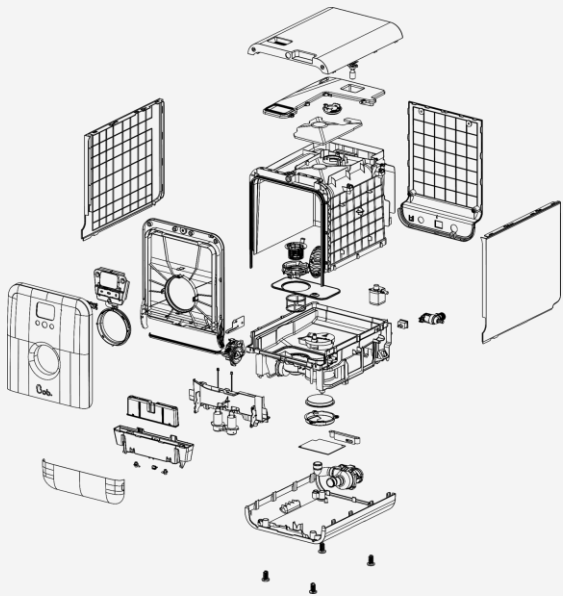

Growing in 2024 with new countries such as
Czech/Slovakia, Romania, Lebanon, USA, Croatia

French retailer
boulanger
sold more than **12,000 Bob**

- Argentina - Praga
- Bulgaria - Skyshop
- Finland - L Energy Oy
- Greece - Cooking Hellas
- Israel - Simol Trade
- Japan - Bic Camera, Tsutaya
- Norway - Veibel
- Poland - Innpro
- Portugal - Aura CE
- South Africa - SuperNova Brands
- Sweden - LyonInvest
- Switzerland - Alltron
- Taiwan - Enegreen
- Turkey - Nice Teknoloji
- Uruguay - Celestus

This offer is based on CE certification. If you have a specific certification in your country, please let us know. It may not be possible for us to deliver to you if we do not have the certifications for your country.

NOTES

- 1) A (maximum efficiency) to G (minimum efficiency)
- 2) Energy consumption of 98 kWh based on 280 standard wash cycles with cold water supply and consumption of low power modes. The actual energy consumption may differ depending on the conditions.
- 3) Water consumption of 1064 litres a year based on 280 standard wash cycles. The actual energy consumption may differ depending on the conditions.
- 4) A (maximum efficiency) to G (minimum efficiency)
- 5) This program is suitable for cleaning medium solid dishes. It is the most efficient program in terms of the combined energy and water consumption for this type of dishwasher.

DISPOSAL

As a manufacturer, we commit to reduce the environmental footprint of our products. We highly recommend you to follow the disposal guidelines applicable in your country. This will help preserving natural resources by recycling Bob in an eco-friendly manner. Since Bob has built-in electronic parts, it shall not be disposed with household waste, and must be discarded according to the applicable law at the time of disposal. For more information about the disposal of electronic waste, please ask your local authorities.

Who we are

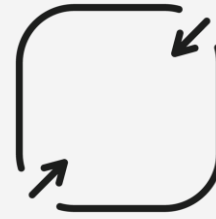

Daan Tech was established in 2016 in France to design and manufacture a range of devices and services aiming to address the main challenges of the 21st century.

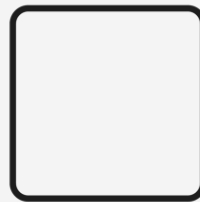

Our values

Made in France

Eco-friendly

Trust

Innovation

What we do

Anticipate new needs stemming from increasing urbanisation and higher mobility.

Design a range of premium and eco-friendly high-tech products. We are fiercely opposed to any kind of planned obsolescence.

Export made in France products all over the world, by promoting French know-how, quality and design.
