

HORL[®]3 Pro
Information

05

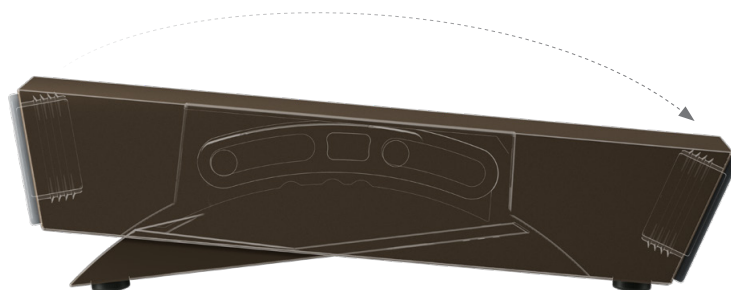

The Master of extremes

What makes the HORL®3 Pro unique is hidden within. The planetary gear inside the sharpener achieves professional results three times faster. And with six grinding angles (25°, 22°, 20°, 15°, 13°, 10°) to select from it provides completely new possibilities for anyone with exacting demands for their knives. The HORL®3 Pro exudes elegance with aluminium and stainless-steel components in a dark bronze look.

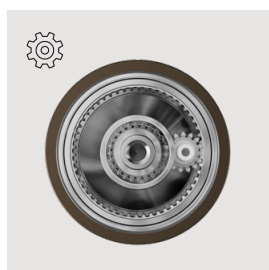

Adjustable angle support

The HORL®3 Pro Angle Support offers a choice of six grinding angles with three latching positions.

10° – 13° – 15° – 20° – 22° – 25°

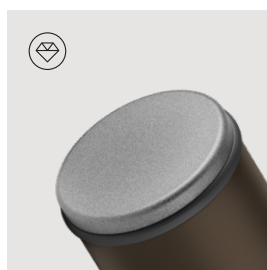

Planetary gearing

With a gearing ratio of 1 to 3, results are achieved three times faster than with the HORL®3.

HORL® Quick Lock

The locking system lets you easily twist off and exchange the grinding discs.

Diamond grinding disc

Exchangeable, for an effortless initial sharpening and for resharpening your knives.

Ceramic honing disc

Exchangeable, for removing the burr and refining the result after grinding.
