# The Story of COOKUT's Incredible Casserole

At COOKUT we are dedicated to **making life brighter, tastier, and kinder to the planet.** The fight against processed food is something we feel passionate about. We believe healthy, home-cooked meals have the power to bring joy and connection to every table.

With this vision, we've reinvented the classic casserole pot. Introducing The Incredible Casserole: **a fresh take on a kitchen icon.**

It combines the efficiency of traditional cast-iron cookware with contemporary updates designed to make you fall in love with cooking again. **100% recycled metal, Lightweight, Non-stick, multi-functional, free from harmful chemicals**

Whether for a hearty family dinner or quick meal after a busy day, The Incredible Casserole blends the comfort of nourishing slow-cooked meals with the bustle of busy lives.

This next-generation casserole doesn't just simmer like the old ones - it redefines them with style, sustainability, and some seriously delicious dishes!

“ The Incredible Casserole makes everyday cooking and special occasion feasts a breeze! ”

## 4X lighter than a traditional Casserole

Our 24 cm Incredible Casserole weighs 1.5 kg, and cooks as well as a traditional casserole. Your wrists will thank you!

## Non-stick. No fat.

The non-stick coating lets you cook with little or no fat for super-healthy meals.

## PFAS\* - free coating

Finished with a premium mineral coating crafted from vitrified sand.

**The Incredible Casserole is heat-resistant, ultra-non-stick, and free from PFAS chemicals<sup>\*</sup>.**

Even at high temperatures and through years of regular use, the Incredible Casserole collection is designed to stand the test of time. Whether you're braising meats in the casserole, searing in the frying pan, or preparing delicious slow-cooked recipes; you'll enjoy perfect results for years to come.

All products and accessories in the Incredible Casserole collection are bisphenol-free.

\* Per- and polyfluoroalkyl substances (potentially harmful chemicals used in many consumer products).

\*\* Recycled materials make up a minimum of 90% of The Incredible Casserole's innovative design.

## Sustainable and ethical. Made from 100% recycled\*\* metal.

All products in The Incredible Casserole collection are **made from 100% recycled\*\* metal.**

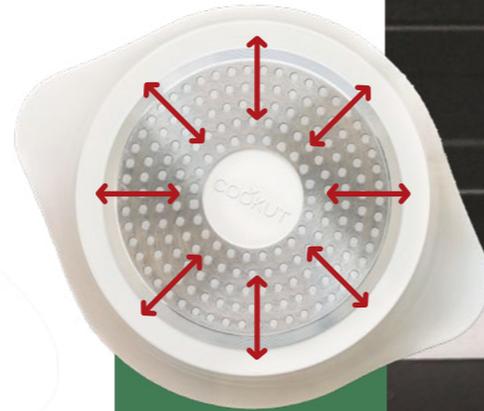

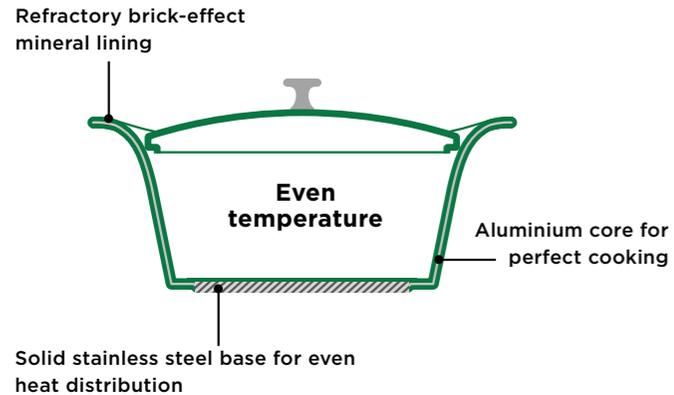

Thanks to its ultra-light design and **innovative mineral coating** (free from petroleum-based chemicals), the Incredible Casserole is **an environmentally conscious choice.**

It is as versatile as a food processor - but you can braise, sear, bake, and slow-cook **without the need for plastic or electrics!** Built to last, it's both sturdy and durable. (If needed, spare parts are available in various colours).

The Incredible Casserole is manufactured to strict social and ethical standards so you can cook with confidence.

# Technology for exceptional results

Thanks to its clever composition and innovative design, the Incredible Casserole ensures perfectly even heat distribution, making it ideal for slow-cooked dishes. It's also a whizz at high-heat searing or deglazing meats.

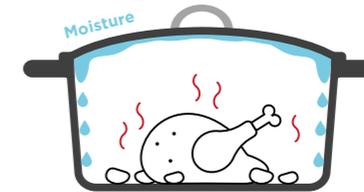

The Casserole bottom is an exclusive design that guarantees an even temperature, with no hot spots.

# Self-basting meat

Spikes on the inside of the lid collect and release steam as you cook **creating a natural self-basting effect.** Serve up mouth-watering meats and unforgettable flavours everytime.

Traditional casserole without spikes

Moisture runs down the sides

The Incredible Casserole with spikes

Moisture is evenly distributed onto the food

# 8 cooking modes. Thousands of recipes.
