

Food Huggers Brings Sustainable Style to Ambiente 2025

Food Huggers, the women-owned innovator of food-saving solutions, is excited to present its vibrant, eco-friendly collection at Ambiente 2025.

Visit Booth 9.1A03 to explore colorful silicone food savers that keep produce fresh longer while helping households eliminate single-use plastics.

"Small changes in the kitchen can make a big difference for the planet," says Adrienne McNicholas, Co-Founder of Food Huggers. "We're thrilled to share our simple, sustainable solutions with European households."

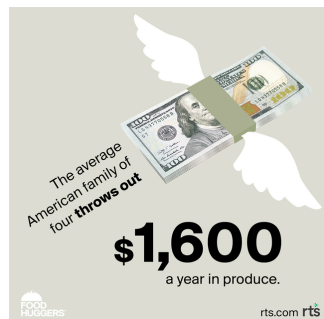

As a certified B Corporation, Food Huggers combines creative design with a commitment to sustainability. Every product is built to last and comes with a lifetime guarantee.

Stop by for live demonstrations and learn how Food Huggers is turning sustainable kitchen habits into a fresh and stylish everyday practice.
