

ECO COLLEGE PARTY CUPS

Bio Natura Coated

Did you know?

PE lined paper cups are still difficult to recycle and degrade due to difficult plastic separation. PE lined cups are not plastic free, recyclable, biodegradable or compostable.

Make your parties eco-friendly and sustainable with EcoSouLife® eco cups!
Our cups are made from responsibly sourced wood, free from harmful chemicals, and fully recyclable and compostable.

With a water-based dispersion paper-based liner, they're compliant with EU food safety regulations and certified plastic-free.

Choose EcoSouLife® eco cups for a more circular, sustainable, and climate-friendly future!
