## Company Profile

# PRODUCTS

## Hand Knotted

Our Hand knotted rugs are crafted by seasoned master artisans who use the finest materials to create a truly magnificent, hand crafted work of art. Time honored motifs become artfully reinterpreted for 21st century living through sophisticated patterns infused with rich, contemporary palettes to create the heirloom pieces of tomorrow.

## Hand Tufted

The resulting combination of excellent materials and craftsmanship is a rug that will burst with inviting color and grace on any surface, in any environment. Available in an eclectic range of Traditional, Transitional and Contemporary styles.

## Flatweave

Hand woven Flatweaves have a simple, flat, hand-woven construction, which lends it loads of priceless charm and resilience. The effortless style of Flatweaves brings beauty and economy together comfortably and is sure to satiate all senses.

## Loom Knotted

The tactile simplicity of the shuttle broad handloom encourages experimentations with color and design. The result is an assorted range of designs from the basic striped to the more intricate geometric designs on soft pure wool. Available in both Pile rug and Flatweave variants.

# Certifications

## ISO 9001:2015

The Quality Management System implemented by us helps us to maintain a consistent level of quality, which eventually translates into better customer satisfaction and customer retention. Quality consciousness is woven deeply into the fabric of our company, and we have long believed that quality endures and it shows.

## ISO 14001: 2015

Our goal is to make significant improvements in the area of sustainability and environmental responsibility for our stakeholders. We plan for the future, while accepting the urgency of today. We are committed to the communities where we live and work and in creating a sustainable work environment. In line with these principles, we strive to encourage continuous improvement in all areas of environmental stewardship - responsible use of raw materials and natural resources, design processes and operations of all facilities, to reduce the impact of our activities on the environment.

## SEDEX

We place great value on our Human Capital - our relationships with our customers, employees and suppliers. Their well being is an underlying core value for all our operations. We ensure that individuals involved with the manufacture of our products do so in safe and healthy working conditions, and are treated with dignity and respect.
