

A large, feathery indoor palm tree is the central focus, housed in a rustic, dark brown terracotta pot. It stands in a bright sunroom with floor-to-ceiling glass walls. To the left, a modern, light-colored striped sofa is partially visible. The background shows a lush garden with green trees and white hydrangeas. The text 'SILK & KA' is overlaid in a large, gold, serif font at the top, and 'TREES AND PLANTS' is at the bottom.

SILK & KA

TREES AND PLANTS

Patrick's story started over 25 years ago when the young florists' son took a bold step in starting to design silk flowers.

Who would have known by then, just how successful he would become in over 75 countries worldwide. Meet the man behind Silk-ka and his collections.

"The love for flowers and arrangements has been raised with me thanks to my father's flower shop. It was there where I first got inspired to further develop my skills in flower arrangements. Once on track it even brought me international recognition.

Always looking for new creations and innovations made me discover the endless opportunities of silk. Creating and designing originally Dutch collections. Handmade and high quality. Against all odds I'd decided to go for it! A new concept was born... a new company was founded: Silk-ka.

Nowadays we are one of the most renowned designers and exporters of silk flower collections worldwide. An achievement that was made possible in part by our many loyal and much appreciated customers. We couldn't have done it without you.

And to everyone for whom this is a first introduction to us... we can't wait to tell and show you more.

On behalf of my team we thank you for your interest in Silk-ka and hope to meet you soon!"

Friends & flowers for life!
