Handmade soap and Spa products

SOAP-n-SCENT is committed to creating beautiful, high quality wellness products using the finest natural ingredients available. Our handmade, moisturizing cleansing bars are formulated with pure essential oils and natural colors.

BATHING
IS MORE
THAN JUST
A WAY OF
GETTING
CLEAN

We consider it immoral to kill an animal for a bar of soap. So we make our soaps with pure vegetable oils that do not clog skin pores unlike animal fats.

Our handmade artisanal soaps come in variety of scent and packing options. We offer SOAP-n-SCENT brand labeling and shelf displays, white labels, or custom labeling.

Handmade Soap

Every bar of soap contains natural glycerin, a by-product of our handmade process. This natural glycerin helps improve your skin's moisture balance by attracting external moisture and holding the moisture on your skin, without interfering with the skin's natural functions. Choose from over fifty scents and designs. Each unique bar is handmade and hand-cut under careful quality control.
