Our collections are timeless, updated classics and authentic reproductions which provide a unique point of view and an unmatched combination of inspired design and unparalleled quality.

We are a SEDEX member and ISO 9001 and 14001 certified company. We are also certified by Good weave. We are well equipped with machinery and a workforce to produce more than 10000 pcs in a month. We are head- quartered in Jaipur, India with over 500 artisans working for us from all over the country.

VISION

We look upon business not merely as a source of income or profit, but as a way of life, as a medium for putting our art to good use, while at the same time giving us an opportunity to be of service to the community.

MISSION

To develop a community of artisans by fulfilling their needs, social upliftment and creating a sustainable environment through our artisanal handcrafted products.

ART AVENUE has been a powerful staple to pass on the message to people and it's clients about the importance of handicrafts.

Being collaborated with the best artisans around the country, we are successfully able to put the idea of embroideries, block prints, traditional techniques of weaving, dyeing and printing in one frame.

We believe in providing people with elegant styles of hand-crafted items, trickled with the essence of rural craftsmanship.

A high-angle photograph of two women in traditional Indian attire, including red and gold patterned saris and headscarves, working on a large, intricately patterned rug. The rug features a complex geometric design with orange, red, green, and blue motifs on a light background. The women are seated on the rug, and their shadows are cast onto it. The background is a plain, light-colored floor.
