## YAZU 900

Item number: 32470

Capacity: 900 ml

MRP: Rs 1699/-

SS 304 grade **vacuum insulated double walled bottle** for keeping liquid hot & cold.  
Wide mouth for easy cleaning

Use soft moist cloth for cleaning.  
Keep lid open while bottle is not in use.  
Avoid using scrubber, strong detergent, bleach or cleanser containing chlorine to avoid discolouration.  
Not recommended for storing carbonated drinks.  
Do not deep freeze.  
Do not use in microwave or dishwasher.  
It is important to pre-condition the bottle with hot water if using hot beverage and with cold water if using for cold beverage.

## ABOUT US

### PRECISION MOULDS & DIES

Precision Moulds and Dies (PMD) was started in 1973 by Mr. G.S. Kochhar. After completing a Master Degree in Mechanical and Industrial Engineering from the University of Florida, Gainesville, USA, he spent two years in Los Angeles, USA working in a high precision tool shop. On his return to India, he founded PMD with the aim of creating a high precision tool room.

After all these decades, we are now one of the oldest and best tool rooms in India, manufacturing over 150 moulds a year and processing over 2000 tons of plastic.

The tool room is fully air-conditioned with the latest CNC machines and operates 24 hours to produce international standard moulds in the fastest lead times. Our biggest asset is our technical knowhow and highly trained staff of technicians, designers, engineers and machinists who look forward to solving the toughest of problems with the most innovative solutions.

At PMD we have three injection moulding units, two in Sahibabad (U.P) and one in Baddi (H.P), with a total of 70 Injection Moulding machines & 8 Blow Moulding machines. Millions of plastic parts are produced every month for the packaging, personal care, cosmetic, engineering, pharmaceutical and household industry. Each process is fully controlled with various in – process and final checks, to ensure products are within specification and adhere to all quality standards.

We are continuously improving, evolving and adding new technologies. Currently PMD has an expertise in the following:

- Product Design
- Engineering Design.
- Mould Design
- Mould Manufacturing
- Injection moulding – single and two shot moulding
- Extrusion blow moulding
- Injection Stretch Blow Moulding
- In mould labeling – 2D & 3D
- Heat transfer Printing
- Pad printing
- Special Assemblies of various types

Since we design, molution for our clients.

No process in PMD is outsourced and it is this experience and control in every step, which gives us a competitive edge and ensures our quality.

PMD is an ISO : 9001:2015 certified company. We are a fully compliance factory with a Sedex Certification.

We are also approved and audited by Disney and have been given their Facility and Merchandise Authorization (FAMA) which allows us to produce Disney products

## ABOUT US

### GLUMAN

After many years of being in plastic manufacturing, PMD saw the need for good quality yet affordable plastic household products in India. It was then that a vision for a brand was conceptualized and a new range of colourful and eclectic household products was created.

Known for their high quality, Gluman products are manufactured with an extra attention to quality. We believe that no customer would ever be unhappy with a Gluman product.

We produce a vast range of airtight storage container, water bottles, hangers, kids lunch boxes and pencil boxes. We have a full collection of Disney products as well.

All our products are tested in laboratories and are certified for being:

- BPA free
- 100% Food Safe
- Freezer Safe
- Microwave Safe
- Dishwasher Safe (Top Rack)
- Reusable & Recyclable

Gluman products are supplied to small shops and big retailers all across India and are also used as promotional gifts by various companies.

Gluman products are exported to North America, Central America, South America, Europe, Middle-East & South East Asia.

Every year Gluman is increasing its market share and is on its way to becoming a brand that becomes synonymous with quality & service.

We provide innovative solutions and make everyday household chores easy & fun.
