All our fabrics are coated with three layers of a high quality special treatment that protects the fabric against dirt and stains. Liquids run off the surface, which means that spilled liquids and food are repelled and easy to remove (even wine, butter and sauces!). This is an amazing advantage as this protection allows less frequent washing and keeps the fabric looking new for a longer time.

Tous nos tissus sont protégés avec trois couches de protection, un traitement de haute qualité pour la protection des textiles contre les salissures et les taches; les liquides et aliments gras glissent à la surface et les taches ne pénètrent pas. Les taches accidentelles sont plus faciles à enlever (vin, beurre, sauces...). Une grande avantage puisque la nappe peut être lavée moins souvent et le tissu a l'air neuf plus longtemps.

Bed linen

The bed linen is different all over the world, that is why our bed collection is thought for the Spanish bed sizes. However, as we have a large range of products, from Bedspreads, Boutis, Duvets to Bed sheeting, we can offer you different products that will adjust to what you are looking for, as well as some products and sizes that will adjust to the bed sizes of your country.

We produce a limited number of units of all our bedding collection as it is renewed twice a year, this is why we would ask you to consult with our team if the product you want is in stock.

Le linge de lit est différent en chaque pays, c’est pour cela que notre collection est pensée pour les mesures de lit espagnoles. Pourtant nous avons plusieurs articles qui pourront s’adapter à vos tailles, comme les couvre-lits, les boutis et duvets et même les parures de lit.

Merci de noter que nous fabriquons une quantité limitée de pièces de notre collection de literie car c’est renouvelée deux fois par an. Merci de contacter avec notre équipe pour vérifier le stock.
