

TRASH BIN

MANUFACTURER

COMPANY PROFILE

Guangzhou Homfel Ltd. was established on January 9, 2017. Its predecessor, Guangzhou HOME DECO Co., Ltd. was established in 2009. which is a sales company focusing on international marketing, ODM R&D design and supply chain control.

In 2016, the company started its own wholly-owned production enterprise, Jiangmen Huajiang Industrial Co., Ltd., which produces hardware products of its new design, including stainless steel trash cans, smart sensor trash cans and related bathroom cleaning products. It covers an area of 25000 square meters. The annual production capacity is about 80 million pieces.

In 2018, the company invested again in its second wholly-owned production enterprises, Jiangmen Huazhen Industrial Co., Ltd., which produces storage & organizer products made of metal wire and metal pipe as the main material, and plastic, bamboo and wood as accessories. The factory covers an area of about 15000 square meters. The annual production capacity is about 60 million pieces..

20 years'
Experience

The company's customers are mainly European and American retail supermarkets and well-known brands. Our main customers include Carrefour Global, Metro Global, REWE Group of Germany, THE RANGE of UK, ALDI Global, DAISO of Korea, ACTION of Netherlands, TJX of USA, Wal-Mart and other well-known retail brands, as well as other well-known bathroom brands such as ADDIS, CROY-DEX, BATHBLISS, etc.

45% of its products export to Europe, 15% the United States, 10% Asia, the rest are distributed in South America and Africa.

In 2019, the company registered HOMFEL CONCERN YOUR LIVING, a global brand, and started to set up shop on Tmall for retail business. The company's business has covered local retail, design and development, supplying chain control, and manufacturing. It strives to achieve profit maximization and multiple growth by effectively controlling the demand end, design end and production end, and realize collectivization development.

At the beginning of its establishment, the annual performance growth was of more than 30%. In 2021, the total sales volume of whole group was 45 million US dollars. Due to the Covid-19 disease, our business decline about 20% percent in 2022. From the year of 2023, our business surge growing again, and we predict the turnover of whole group will be about 63million.
