Precious concentrated and microencapsulated essential oils provide a unique and long-lasting fragrance

20 ml of the product, poured directly into the fabric softener tray, are enough to get a fragrance that lasts for weeks on any type of fabric.

The special micro-encapsulation of the essences makes them resistant up to 400°C, ensuring the duration of the scent even when drying by dryer.

The exclusive formula, with the addition of sanitizing molecules with quaternary salts, also ensures maximum safety and hygiene of the textiles.

Bottle of vegetable origin 100% recyclable «I'm green» bio PE in two sizes: 250 ml and 500 ml, allowing up to 50 fragrant washes.

Toxic and carcinogenic free, certified by ISS (Italian Superior Institute for Health)
NO toxic substances and heavy metals
NO testing on animals.

WASHING MACHINE

Pour 10–20 ml of product into the washing machine tray dedicated to the last rinse

DRYER

Pour a few drops of product on a handkerchief or dryer sheet and put it into the machine

HAND WASHING

Pour 10–20 ml of product for 5 liters of water and rinse, protecting your hands with gloves

LAUNDRY PERFUME GIFT BOX

10x 50 ml bottles

**An elegant gift box contains
a bottle of 50 ml Laundry Perfume
for each of the exclusive fragrances
by ESSENTIA Nature®**

It cleanses, sanitizes and perfumes the laundry, with a long and pleasant effect thanks to the microencapsulated extracts of essential oils and to the quaternary salts, effective on any kind of fabric.

10 fragrances are included:

ARGAN

CITRUS & ORANGE BLOSSOM

CARIBE

OCEAN

Amazing HIGH PERFUMERY
fragrances for a superior olfactory
experience, as a trip around the world

ANGEL BREATH: An iconic fragrance gives
your clothes a fragrance full of emotions
with its sweet and sparkling notes.
A daily spell of mysterious sensuality.

BALI: A breath of the Orient embraces the
fabrics, giving sensations suffused with
peace and magic.
A soft and energetic trail of precious exotic
woods.

CARIBE: The scent of coconut brings back to
summer and a heavenly aroma envelops the
garments, offering incredible sensations, as if
you were on a tropical island.

OCEAN: A dive into the blue among the
waves of a fragrance that brings the heart
and mind back to the infinite ocean.
A marine scent that seems to have bottled
the summer!

5-CARDS GIFT KIT

set of 5 scented silicone cards

For wardrobes, drawers, small rooms with a complimentary useful zip bag

Each bag contains 5 SCENTED CARDS with the same wrapping fragrance.

The included elegant satin ribbon allows you to hang the SCENTED CARDS in your closets, around the house, in the car... to give a delicate scent for months in one of the available wrapping fragrances.

The SCENTED CARDS can be safely stored in drawers, suitcases and trunks because **they do not stain and do not smear!**

A special manufacturing process incorporates the essences directly into the silicone; so the SCENTED CARDS do not disperse powders or granules.

AIR INTENSE

OZONE-SAFE 400 ml spray can

Spray room scent in a practical and easy-to-handle OZONE SAFE can for a UNIQUE explosion of fragrance while respecting the environment!

AIR INTENSE eliminates any bad smell with a single spray, thanks to the perfect vaporization: every room will be enveloped in an irresistible fresh clean scent!

The canister is practical and easy to handle, simple and effective to use: the content of the canister comes out instantly, in a fraction of a second every single drop breaks down into a myriad of micro drops and spreads in a scented cloud.

AIR INTENSE respects the ecosystem: the special propellant does not damage the ozone layer of the atmosphere and its sanitizing action creates a healthy — and super fragrant! — environment.

- Highly concentrated product for a long-lasting fragrance
- Simple and effective vaporization
- Refreshes and perfumes every room
- Absorbs and eliminates bad odors
- Removes external harmful agents
- Sanitizes environments

NEUTRAL SOFTENER

500 ml or 1.000 ml bottle

1st quality — Fabric sanitizer

The neutral formula, without any fragrance, makes it perfect in combination with the many fragrances of Laundry Perfume by ESSENTIA Nature®.

Neutral Softener is a product suitable for any kind of fabric and linen and its action is expressed during the last rinse.

It gives elasticity and softness to your clothes, facilitating ironing because it avoids the accumulation of electrostatic charges.

The special formula with **quaternary salts with sanitizing power** makes your washing and the hygiene of your garments safer.

The product is designed for both domestic and professional use.

ESSENTIA CLEAN

500 ml bottle

Keep your washing machine clean and efficient with the washing machine treatment by Essentia!

Suitable for professional use, also used in HACCP hygienic safety programs.

Professional cleaner with controlled foam, descaler, sanitizer, ideal for cleaning the washing machine and its ducts, eliminates deposits of limestone or sand and minerals due to the hardness of water, fights unpleasant smells due to mold and ensures the machine a better operation and a longer life.

In addition, customers who use Essentia Laundry Perfumes, get a better result. The correct cleaning of the internal ducts from detergent and softener residues is very important to achieve the best result in perfuming clothes washed with the precious Essentia essential oils.

The 500 ml bottle ensures 1 complete treatment, which entails cleanliness up to 50 washes. Repeat the treatment 3-6 times a year.

Essentia
NATURE®

DETERGENT IN SHEETS

box containing 16 sheets = 32 strips

The laundry revolution!

to save our Planet

Even the most common gesture
can bring about a great change

ESSENTIA is engaged on a daily basis in the creation of products sporting a great care for nature and environment. Even more, it is constantly dedicated to the design of formulations that totally respect fabrics and the skin healthness, giving birth to a line of products free of chemical additives.

Today more than ever ESSENTIA's aim is to transform a simple daily gesture, like laundry, in a change that drastically reduces the environmental impact and allows us to see a more sustainable future.

Green & Easy:

- **Zero plastic bottles and dosers**, one half of a simple **sheet of detergent** for 5–7 kg of laundry. Just place it in the basket of the washing machine: it will dissolve during washing, leaving no trace at all.
- A **100% plastic free** packaging: even the protective inner film is made of regenerated cellulose, which is 100% compostable.
- An **all-around** product, also suitable for **hand washing**, in hot and cold water. It is compatible with any kind of **washing machine**, with any fabric, with white and colored garments. Each box contains 16 sheets, allowing **32 normal washes**.
- **Neutral fragrance**, ideal for pairing with ESSENTIA's Laundry Perfume.

mail gianti@essentia.srl

web www.essentiaishop.it/en

Think and act eco-friendly for a better planet

ESSENTIA'S DETERGENT IN SHEETS is not only a product,
but a real life philosophy,
coming from the awareness that our world must be protected and defended.

The laundry revolution:

REDUCE

Thanks to its dimensions, the small package of ESSENTIA Nature®'s DETERGENT IN SHEETS reduces all weight and bulk, avoiding the need to dispose of bulky bottles. Every year only 20% of the more than one billion used plastic detergent bottles are recycled! This package reduces by 94% the consumption of fuel for transportation and the consequent emissions of carbon dioxide, a greenhouse gas that contributes to the increase in average temperatures

SAVE

ESSENTIA Nature®'s DETERGENT IN SHEETS helps you to save for its competitive cost and, being pre-dosed, avoids any product waste. Thanks to this innovative shape, your laundry has never been so quick and easy: so you also save time!

RESPECT

It is an eco-friendly product, protecting your family and the environment. It respects both the fabric and the health of your skin, as it is hypoallergenic and Nickel tested.

It **does not** contain parabens, phosphates, added dyes, 1,4-dioxane, microplastics, MIT preservatives, bleach (chlorine) and optical brighteners. Moreover, it is Cruelty free and Vegan.

RESULTS

Be amazed by the results, even on the most stubborn dirt. To get a perfumed, clean and perfect laundry, we very often turn to the use of expensive or aggressive detergents such as bleach or chemical additives, not very delicate for our clothes and harmful to our body. ESSENTIA Nature®'s DETERGENT IN SHEETS is the natural alternative, which will give you a truly outstanding laundry.

INGREDIENTS / INCI NAMES

- **Vegetable glycerin** [softener of vegetable origin]
- **Starch** [plant-based biodegradability enhancer]
- **PVA** [biodegradable support matrix]
- **Potassium sorbate** [preservative suitable for food use]
- **Cocamidopropyl betaine** [based on coconut oil, biodegradable amphoteric surfactant (detergent) and foam booster]
- **Sodium gluconate** [biodegradable softener of vegetable origin that prevents the resettlement of dirt on the fabric after it has been removed during washing]
- **Lauryl dimethyl amine oxide** [non-ionic surfactant (cleaning agent) of vegetable origin, biodegradable and foam stabilizer]
- **Sulphonic acids, C14-16-hydroxy alkane and C14-16-alkene, sodium salts** [biodegradable surfactant (detergent)]
- **Glycereth cocoate** [biodegradable water softener of vegetable origin and edible]
- **Caprylyl Glucoside, Octyl Glucoside** [non-ionic surfactant (cleaning agent)]
- blend of essential oils [natural perfumed oils]
- residual water

CERTIFICATIONS

- without parabens and phosphates, without added dyes
- without bleach (chlorine) and optical brighteners
- 1,4-dioxane free, certified by independent laboratory tests
- biodegradable according to OECD 310D
- hypoallergenic and Nickel tested, certified by independent dermatologists
- Vegan: no ingredients of animal origin
- Cruelty free: no animal testing is made by us or by our ingredient suppliers.

Hand or machine wash
Hot or cold water
White and colored
garments.

Do not use on wool.

How to use

Tear the sheet
along the dotted line.

Place one half of the sheet
on the bottom of the basket
(above the laundry in the top-
loaded washing machines).

Run the wash cycle.

For hand washing, dilute
one half of a sheet in 5 litres
of hot or cold water.

Recommended doses

5-7 kg of laundry	Normal water	Hard water
Normal dirt	1/2 sheet	1 sheet
Stubborn dirt	1 sheet	2 sheets

GLASS & REEDS NATURAL DIFFUSERS

A journey immersed in nature, thrilling with its most authentic aromas, is the inspiration of «Home Fragrance», a collection that was born from the desire to recall in your rooms the memory of a moment lived on the shores, or among fragrant citrus groves, or lying on a carpet of flowers or in an enchanted forest. Each fragrance is designed from the exaltation of wrapping and elegant notes, created to enrich and characterize every room with the right fragrance.

The package includes 80 ml of TONKA fragrance, suitable for 2 complete refills.

Compatible with all HOME FRAGRANCE Refill fragrances.

ULTRASONIC DIFFUSER «FLAME» SERIES

**Ultrasonic diffusers for fragrances
with fireplace flame effect,
warm yellow light,
200 ml tank, continuous or
intermittent operation (15–20 hours),
automatic safety shutdown**

Available in 2 colors:

black

white

EFFECTIVE DIFFUSION: the professional ultrasonic technology, invisible and noiseless, produces very fast vibrations that mix the water with the essence, rapidly diffusing them in the room in form of a scented mist.

ENVIRONMENTAL MICRO-HUMIDIFICATION: The essences are diffused in a completely natural way, not burning but hydrating them, creating a healthy micro-humidification in the environment thus eliminating any irritating effects of the oils on the respiratory tract.

The Ultrasonic Mist Diffusers are compatible and find their best use with all the **Organic Essential Oils by Essentia Nature®.**

ULTRASONIC DIFFUSER «CRYSTAL» SERIES

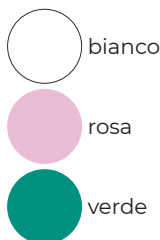

Ultrasonic diffusers for fragrances and humidifier with Himalayan salt crystals, warm white LED light or 7-color light show, 400 ml tank, rechargeable battery with included cable, works even far from electrical outlets, continuous operation up to 24 hours, automatic safety shutdown

EFFECTIVE DIFFUSION: the scented essences must be distributed on the Himalayan salt crystals (and **not** in the water tank — this would irreparably damage the device). The invisible and silent ultrasonic technology creates very rapid vibrations, transforming the water into a mist that, passing between the salt crystals, collects the scented essence and diffuses it into the environment, contributing at the same time to the environmental humidification.

ENVIRONMENTAL MICRO-HUMIDIFICATION: The essences are diffused in a completely natural way, not burning but hydrating them, creating a healthy micro-humidification in the environment thus eliminating any irritating effects of the oils on the respiratory tract.

The Ultrasonic Mist Diffusers are compatible and find their best use with all the **Organic Essential Oils by Essentia Nature®**.

Available in 3 colors:

Essentia
NATURE®

CAR ULTRASONIC DIFFUSER

Rechargeable cordless
ultrasonic diffuser

A smart compact diffuser designed specifically for your car

This compact Ultrasonic Diffuser can be attached to a car air vent with the supplied clip. Or you can use the strong sticker provided, which can be applied to a surface in your car or in the room you wish to scent. The diffuser works if its vibration sensor detects that the motor is turned on or the car is moving; otherwise, after 60 seconds, it enters the stand-by mode.

It operates intermittently with 2 levels of adjustment: a short press on the power button will toggle between the purple light (the fragrance will be sprayed for 5 seconds every 10 minutes) and the blue light (the fragrance will be sprayed for 5 seconds every 5 minutes).

The device is provided with a USB cable for the recharge of the internal battery.

Available in 2 colors:

BLACK

WHITE

6 fragrances x5 ml are included:

GREEN BAMBOO

Top: Lemon, Apple, Oxygen
Heart: Jasmine, White rose, Violet
Base: Cedar

WHITE TEA

Top: Lemon, Pear, Tea, Cantaloupe

(one for each fragrance)
is available as a spare refill.**

SCENTED CANDLE «LE CERAMICHE» SERIES

ceramic vase
containing 100g or 285 g of wax

Available in 4 fragrances:

-  AMBER & WOODY
-  COCONUT & LIME
-  OUD — Black Gold
-  SAILS INTENSE

**Scented candles
made with soy wax,
100% vegetable origin, hand poured,
high-quality natural cotton wick,
ceramic vase,
worked and painted by hand
with shiny/matt effect**

Offered in 2 formats:

100g (lasting up to 20 hours)

and 285g (lasting up to 60 hours)

Soy wax, compared to traditional paraffin (derived from petroleum), burns much longer and slowly, with a lower temperature, thus avoiding the release of soot into the environment, thanks also to the high-quality natural cotton wicks.

Both the soy wax and the cotton wick, of 100% vegetable origin, are totally biodegradable.

Once the wax is finished, the jar remains useful as a cachepot or object holder...

SCENTED CANDLE JAR SERIES

glass jar with 100g or 300g of wax

**Scented candles made of 100%
vegetal soy wax,
for a unique olfactory experience**

We pay special attention to the respect for nature and your well-being: soy wax is 100% of vegetable origin and biodegradable; glass jar, natural cotton wick and cork cap allow a total recyclability.

Soy wax, compared to traditional paraffin wax (derived from petroleum), burns much longer and slowly, with a lower temperature, thus avoiding the release of soot into the environment. The natural cotton wick, when burning, does not release toxic substances and ensures a slow and pleasant fragrance diffusion.

The smaller jar (100g) gives about 20 hours, while the larger jar (300g) offers up to 60 hours of pleasant diffusion of your favorite fragrance.

7 fragrances are available:

BLACK COCONUT CHAI

PRIMITIVE FOREST

CHAMOMILE & OOLONG TEA

GREEN TEA

LUXURY SPA

SWEET CHERIE

ROSSO RUBINO

SCENTED CANDLE VASE SERIES

glass vase with 100g or 450g of wax

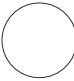

**Scented candles made of 100%
vegetal soy wax,
for a unique olfactory experience**

We pay special attention to the respect for nature and your well-being: soy wax is 100% of vegetable origin and biodegradable; glass jar, natural cotton wick and cork cap allow a total recyclability.

Soy wax, compared to traditional paraffin wax (derived from petroleum), burns much longer and slowly, with a lower temperature, thus avoiding the release of soot into the environment. The natural cotton wick, when burning, does not release toxic substances and ensures a slow and pleasant fragrance diffusion. The larger vase (450g) is provided with 3 natural cotton wicks to ensure that the wax melts evenly and the candle lasts longer.

The smaller vase (100g) gives about 20 hours, while the larger vase (450g) offers up to 100 hours of pleasant diffusion of your favorite fragrance.

5 fragrances are available:

-  LUXURY SPA
-  SANDALWOOD & JASMIN
-  WARM CASHMERE & FRESH COTTON
-  ANGEL BREATH
-  ROSSO RUBINOz
