AUTUMN / WINTER COLLECTION 2024

Welcome to the Catalog of Fisura's New SS24 Collection!

Finally we can present you our new **AW24** treasure, where you will find the latest **Fisura** novelties to make your life a little more **fun and colorful**. Grab something to snack and make yourself comfortable, here are our premieres.

Since we were little we have always been told not to play with food. Well, at **Fisura** we like to break the rules and we want you **to have fun** with your culinary chores **with our accessories**. You will fight at home to set the table, you will have to ask for an appointment to make the food and even snack dinners and parties will be a great feast.

We know that there are more and more styles, so for the most *"aesthetic"* ones we have **cloud prints**, for the *"fancy"* ones we present an extra **gold and shine** for the liveliest ones we have a burst of colors to pigment your daily life to the maximum.

Since we love to **play and be a little naughty**, we also have products for you to hide your most precious possessions, foldable objects that appear and disappear in the blink of an eye, and playful money boxes to make it easier for you to save.

The **fucking climate change** continues to worry us, but because *"Winter Is Coming"* we have to be prepared for everything that is coming. At **Fisura** we have our weapons ready: packs of matching hats and gloves to keep you warm, new colors and fabrics so you don't repeat accessories and original sets of socks to protect you from the freezing winter.

As we do not want to forget our origins, we present **new versions of the Fisura classics**: hypnotic designs of the lava lamps, brand new cuckoo clocks and alarm clocks to *"cheer"* the hours and new umbrellas so you can sing *"in the rain"*, but without getting wet.

Let's do things differently!

¡Bienvenido al Catálogo de la Nueva Colección SS24 de Fisura!

Por fin te podemos presentar nuestro nuevo tesoro **AW24**, en el que encontrarás las últimas novedades de **Fisura** para hacerte la vida un poco más **divertida y colorida**. Cógete algo de picar y ponte cómodo, que allá van nuestros estrenos.

Desde pequeños siempre nos han dicho que no se juega con la comida. Pues en **Fisura** nos gusta romper las reglas y queremos que con **nuestros accesorios te diviertas** en los quehaceres culinarios. Te pelearás en casa por poner la mesa, tendrás que pedir vez para hacer la comida y hasta las cenas de picoteo y las fiestas serán un gran festín.

Sabemos que cada vez hay más estilos, así que para los más *"aesthetic"* tenemos **estampados de nubes**, para los *"fancys"* presentamos un extra de **dorado y brillo** y para aquellos más vivaces tenemos un **estallido de colores** para pigmentar al máximo tu día a día.

Como nos encanta **jugar y ser algo traviesos** también tenemos productos para que escondas tus bienes más preciados, objetos plegables que aparecerán y desaparecerán en un abrir y cerrar de ojos y juguetonas huchas para que te sea más fácil ahorrar.

El **puto cambio climático** nos sigue preocupando, pero como el *"Winter Is Coming"* hay que estar preparado para todo lo que se viene. En **Fisura** tenemos nuestras armas a punto: packs de gorros y guantes a juego para que estés bien calentito, nuevos colores y tejidos para que no repitas accesorio y originales sets de calcetines para protegerte del gélido invierno.

Como no queremos olvidarnos de nuestros orígenes, presentamos **nuevas versiones de los clásicos de Fisura**: diseños hipnóticos de las lámparas de lava, flamantes relojes de cuco, despertadores para *"piarte"* las horas y novedosos paraguas para que puedas cantar *"in the rain"*, pero sin mojarte.

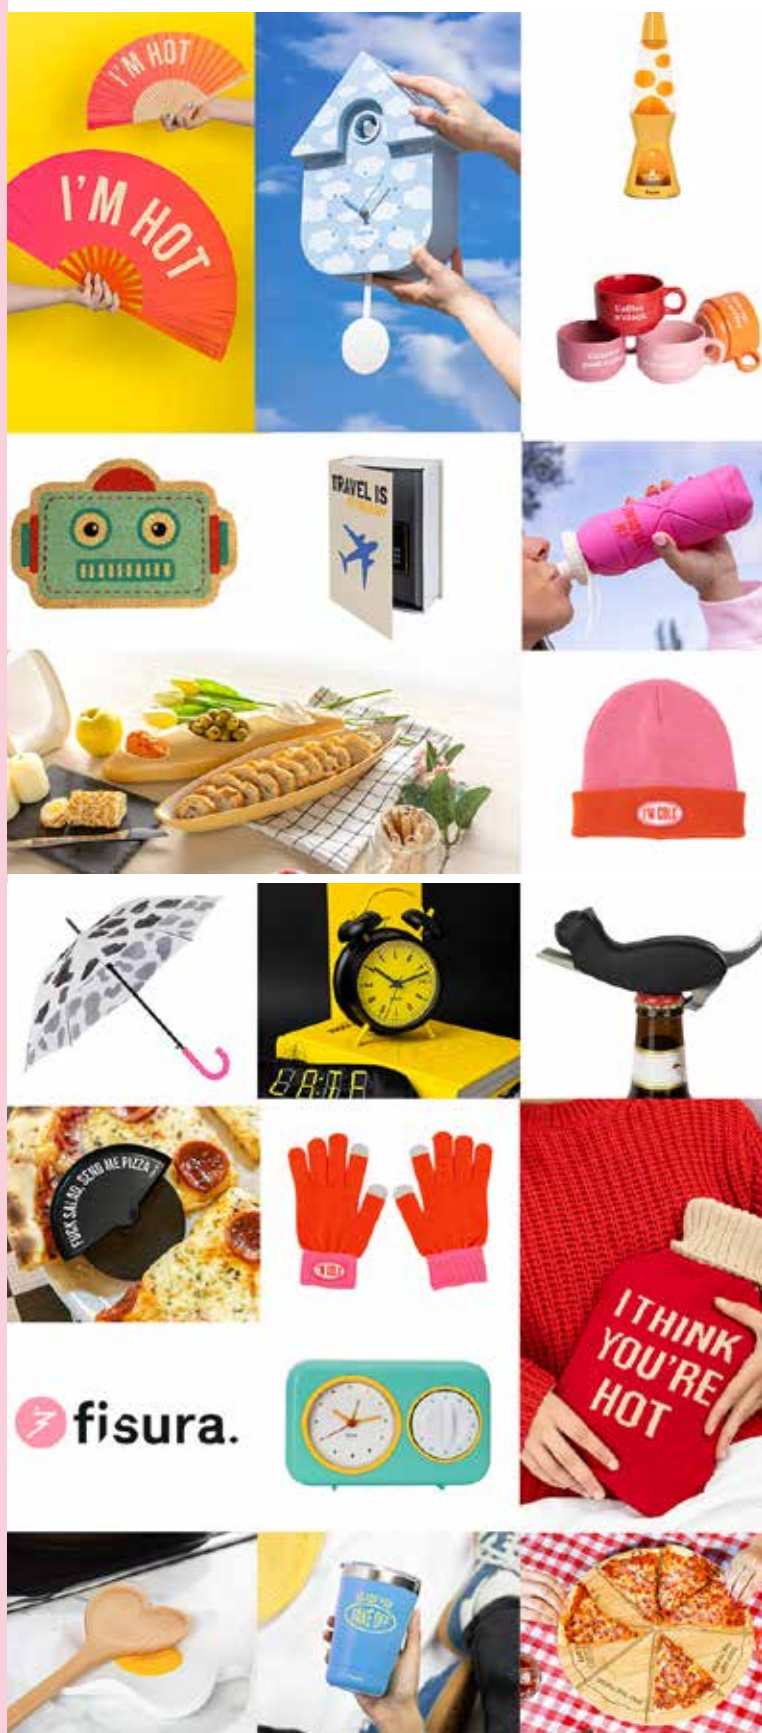

¡Vamos a hacer las cosas diferentes!

Thank you for our New Packaging!

At **Fisura** we are “pros” and we are constantly evolving thanks to our great effort in designing innovative products with a **dynamic and youthful style**.

In our previous Spring – Summer 2024 Collection we went a step further and redesigned the packaging of a lot of items, giving a **fresher and more energetic** look, and all thanks to your *feedback*.

As we would like to go to infinity and beyond, we will continue re-designing the packaging of more products to continue surprising you with **more colors, more style and much more attitude, but with much less plastic**.

Given the spectacular reception and excitement of the new packaging designs, **we want to thank you with all our hearts**. Your opinion is very important to us and we want to have your evaluation to give 100% of ourselves and obtain **your 100% happiness**.

As a **Fisura** mantra, there are 3 possible responses to a new collection: YES. NO and WOW. **WOW** is the one we aim for.

¡Gracias por nuestro Nuevo Packaging!

En **Fisura** somos unos “*máquinas*” y estamos en constante evolución gracias a nuestro gran esfuerzo en diseñar innovadores productos con un **estilo dinámico y juvenil**.

En nuestra anterior Colección Primavera – Verano 2024 dimos un paso más allá y rediseñamos el packaging de mogollón de artículos, dando un aspecto más **fresco y enérgico**, y todo gracias a tu *feedback*.

Como nos gustaría ir hasta el infinito y más allá, seguiremos rediseñando los embalajes de más productos para seguir sorprendiéndote con **más colores, más estilo y mucha más actitud, pero con mucho menos plástico**.

Ante la espectacular acogida y emoción de los nuevos diseños de los packagings, **te queremos dar las gracias de todo corazón**. Tu opinión nos es muy importante y queremos tener tu valoración para dar el 100% de nosotros y obtener **tu 100% de felicidad**.

Como mantra de **Fisura**, hay 3 respuestas posibles a una nueva colección: SI. NO y WOW. **WOW** es la que siempre queremos alcanzar.

FISURA DOORMATS

NUESTROS FELPUDOS

FISURA doormats are made from the husk of the coconut. The coconut growers on the coast of **Kerala, in Southern India**, use every single part of the coconut, during this process **nothing is wasted**. The final result is a durable, tough and easy-to-clean floor mat.

Los felpudos **FISURA** están hechos con la cáscara del coco. Los productores de coco de **Kerala, en la costa del sur de la India**, utilizan todo del coco, por lo que prácticamente **nada se desperdicia**. El resultado final es una alfombra de piso duradera, resistente y fácil de limpiar.

MADE IN INDIA

HOW ARE THEY MADE?

Each mat uses the husks of about 25 coconuts

Cada felpudo utiliza la cáscara de cerca de 25 cocos

The husks are first “seasoned” in the lagoons off the coast, then each husk is beaten by hand to extract the fibre

Las cáscaras primero se “sazonan” en las lagunas de la costa, luego se golpean a mano para extraer la fibra

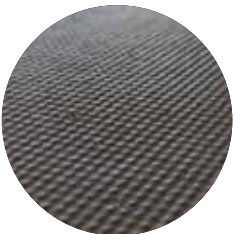

The doormats are painted and colored by hand one by one using different stencils

Los felpudos son pintados y coloreados a mano uno a uno utilizando diferentes plantillas

A traditional open-air sun drying technique is used to fix the paint on the surface of the doormat

Se utiliza una técnica tradicional de secado al sol al aire libre para fijar la pintura en la superficie del felpudo

The anti-slip backing keeps the mat firmly in place and reduces the risk of slipping

La base antideslizante mantiene el felpudo firme en su lugar y reduce el riesgo de resbalones
