KLATT OBJECTS Updates Spring 2025

Multifaceted spring blossoms

Snowdrops, crocuses, daisies. It is the small, delicate and very different flowers that bear witness to the awakening of nature. With this in mind, the Klatt Objects brand is starting the new year with a range of eye-catching products. Above all, the popular CHISANA and ERWIN series are inspiring the passion for collecting with new colours. By special desire, Klatt Objects is expanding the bestseller series FESTA with a truly warm design. These and more new products can be seen at the trade fairs in Paris and Frankfurt.

FESTA from the heart – not just for Valentine's Day

Free-floating and elegant: the FESTA hanging vases have been among the absolute favourites of the Klatt Objects collection since day one. By multiple request, Detlef Klatt, designer and founder of the boutique brand, has now expanded his bestseller series with two long-awaited models: starting this year, the FESTA hanging vases are available in a large and small heart shape, which are a delight for Valentine's Day and far beyond. The special highlight: the narrow openings of the hanging vases ensure that the delicate flowers are held securely, and without filling they serve as sophisticated design elements. The new FESTA hearts are available in two sizes, S (8 x 8 cm) and L (12 x 12 cm).

ERWIN – Easter joy from the manufactory

Iconic shape, each one unique. As a special Easter delight, the ERWIN series comes in wonderfully new colours and designs. The striking patterns in natural shades of dark brown, sand and pastel blue are created by traditional handcrafting. This means that no two eggs are alike. Hanged, laid or draped in a nest, ERWIN stylishly showcases small early bloomers and harmonises perfectly with popular Klatt Objects series such as OVO or CHISANA. ERWIN is available in three sizes for laying and hanging.

Imagine: A nest full of unique specimens. Each vase in the ERWIN series is hand painted.

CHISANA – a multifaceted start to spring

Delicate spring greetings between heaven and earth. Klatt Objects is adding four new natural tones to the successful CHISANA series. The new palette ranges from taupe and tannin to pastel blue and a light stone grey. Until now, the petite hand-flattering vases were available in rosé and black, as well as in the typical pure white of the high-quality bone china from which the vases are handmade. Whether as a soloist or in an arrangement: with its three shapes and new colour variants, CHISANA offers a diverse range with which the awakening of nature can be creatively showcased. CHISANA comes in three sizes (S: 6 x 4 cm / M: 5 x 5 cm / L: 4 x 6 cm).

Imaging: CHISANA is the Japanese word for small. In 2025, Klatt Objects is expanding the colour spectrum of the handmade mini vases.
