ABOUT KINGWAY

Kingway founded in 2005, has become one of the leading companies in the consumables industry after more than 19 years of unremitting efforts. Kingway covers an area of 42,000 square meters and gathers nearly a thousand employees. We highly value corporate integrity and technological innovation, respect intellectual property rights, and are committed to providing global customers with cost-effective, quality-stable products and professional and efficient services.

10,000+

Diverse Range of Products

20+

Fully Automation Lines

100+

Countries Reached

50+

Engineers

Kingway product range includes toner cartridges, ink cartridges, ink, and other printer consumables. Currently, our monthly production capacity can reach 1.3 million toner cartridges, 5 million ink cartridges, and 300 tons of ink, ranking among the top 5 and top 3 in the industry, respectively.

KINGWAY HISTORY TIMELINES

2005

Kingway was founded.

2009

Ink cartridge factory was established.

2012

Toner cartridge factory was established.

2015

Our global sales network has expanded, partnering with over 15 own brand for joint market growth.

2016

Monthly supply capacity of ink cartridge over 5,000,000 pcs.

2017

More than 150 patent applications.

2018

Kingway moved to the new industrial park.

2019

Monthly supply capacity of toner cartridges will over 1,200,000pcs.

2020

Manufacturing with fully automatic production lines.

2024

Kingway expanded with printer project. Positioning us as a major supplier of printing consumables.

WHY CHOOSE US?

ONE-STOP SERVICES

Dedicated to providing diversified printing consumable items

PREMIUM QUALITY

100% test before shipment

OEM ODM SUPPORT

Customized and branded packaging supporting

AUTO PRODUCTION LINES

shorter delivery time and more stable quality products

SERVICE

Experienced sales and customer service team

LOGISTIC SERVICE

Competitive transportation solution

Enjoy More Convenient, Simple And Stable Printing

Being a professional printing consumables factory, our aim is to provide people can enjoy more convenient, simple and stable printing.

Embracing Innovation

We share the same relentless pursuit of perfection, constantly refining and enhancing our products to create the best user experience possible. We are also fearless in testing new ideas and pushing our own boundaries. Our dedication and belief in innovation, together with the support of our customers, are the driving forces behind our unique products.

Our Team

Our team is not only passionate about technology, but also relentlessly pursues perfection to break tradition and push boundaries, all just to ensure that our products remain unique and offer an unparalleled user experience.

We have full product ranges with stable quality and very competitive price to support this type of clients.

FULLY AUTOMATION LINES

Fully Automatic Production Lines of Toner Cartridges

01.

After implementing intelligent production, the workforce required on the production line can be reduced to 0-5 people, resulting in significant labor cost savings and improved management efficiency.

02.

Equipped with an automatic control system, intelligent scheduling and diversion of product transportation are realized, with track 0 waiting and lean production capacity.

03.

The process of automation refers to the production process becoming faster and more convenient, with real-time tracking of product technology. In the absence of human intervention, the system can automatically operate or control according to prescribed procedures or instructions, aiming for stability, accuracy, and speed.

FIRST-CLASS R&D SYSTEM

Innovative Tech,
Superior R&D

The company is committed to leading the latest market technology. We aim to enable our customers to gain more benefits in a short period of time, while providing timely technical support and solutions to our customers.

We provide a variety of models and specifications to meet the needs of different customers.

By choosing us, you will get the industry-leading product research and development technology, and enjoy an excellent printing experience.

01 Supplier Control

Evaluate the suppliers periodically (qualification rate). Factory evaluation for new suppliers.

02 Raw material Inspection

IQC physical property test and life tests for every batch; make batch and trace management for materials.

03 Process Inspection

Inspect the material and machine status before assembling.

Toner: 100% post-test and appearance inspection.

Inkjet: 100% chip inspection.

04 Function Inspection

Toner: choose 3 pcs out of 100 to print a set of standard pages; for the PQ2 test, 1 pcs out of 100 for the test.

Inkjet: Randomly 0.2% to test the printout performance.

05 Package Inspection

100% online inspection of the cartridge appearance.

06 Test in Transit

For existing products, make a regular evaluation plan every quarter. Life tests are planned according to volume and market feedback (minimum 1-month storage before tests).

Popular semi-finished cartridges are evaluated every month, new products are evaluated more often.

07 Delivery

Before shipment, we have double checked your order details to ensure prompt and accurate delivery to your satisfaction.

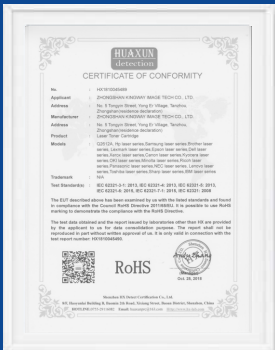

QUALITY CONTROL

PRODUCT CERTIFICATIONS

All products are manufactured according to ISO9001, ISO14001, and UKCA standards come with STMC, CE, RoHS, REACH, China Environmental labeling, and other quality marks which ensure consistent quality and are environmentally friendly.

▲ STMC

▲ RoHS

▲ UKCA

▲ CMIM

▲ CE

▲ ISO:14001

▲ ISO:9001

▲ Reach

▲ VOC Test

PATENTED CERTIFICATIONS

As one of the largest aftermarket printer consumables companies in China, our R&D and technical team is our most important core strength, and is quality guaranteed during our rapid business development process. All R&D staff members have rich working experience and professional technology in the field of printer consumables. Mr. Jerry Ding, our chief engineer is the first person to get the STMC certified engineer in China.

We respect intellectual property rights and are always dedicated to offering the full set of patented product solutions. We have successfully applied for more and more patents in America, Europe, Japan, and China. We will provide customers with the technical analysis report and product guarantee if necessary.

MPS

MPS Production Expertise To Support Your Business

We have the people, experience and support structure to provide MPS product solutions quickly. Our MPS support team is the best and here's why.

MPS Partnerships

We have established cooperative relationships with leading companies such as the world's largest compatible chip manufacturers plastic parts manufacturers and other consumable parts suppliers to ensure that we provide our customers with first-class products and support. Our team is trained in these partner resources and has full access to these resources to ensure our customers get the highest level of products that meet their printer needs.

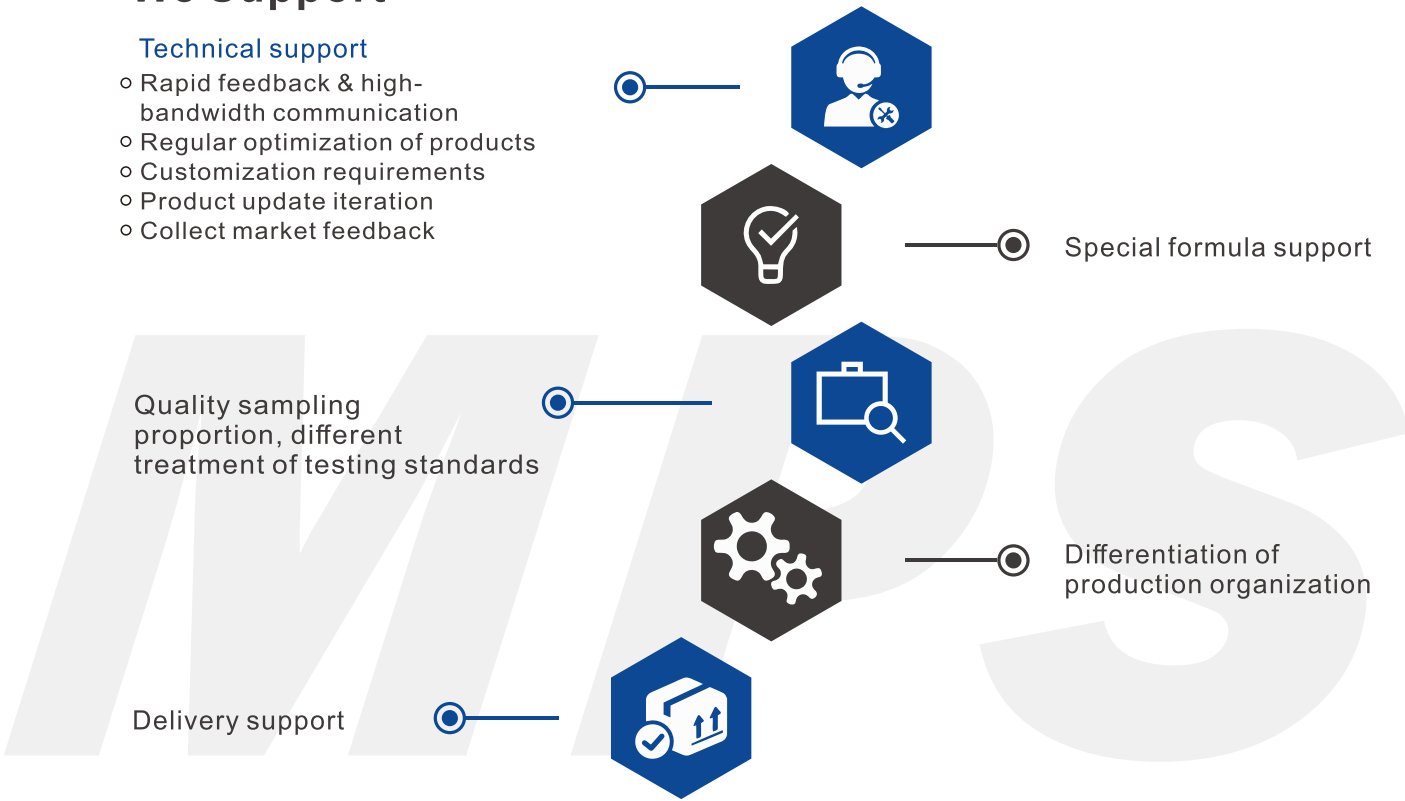

MPS Experience

If our clients have a problem, we've seen it before. Our only focus is on improving product quality and printing efficiency to provide a quality MPS product solution. We have a team of experts that work closely with clients to provide value for solving complex problems in office printing and imaging. We have developed an expert team that integrates R&D research and after-sales service. We offer vertical best practices and solutions that give your organization a competitive advantage.

We Support

Technical support

- Rapid feedback & high-bandwidth communication
- Regular optimization of products
- Customization requirements
- Product update iteration
- Collect market feedback

Quality Sampling Proportion

	Regular models	MPS models	Remarks
Incoming material inspection	1.appearance inspection :20~50pcs by batches 2.Dimension inspection and PQ1 test: 15% by qty of appearance inspection 3.PQ2 test :1pcs	1.Appearance inspection and dimension inspection, PQ1 test by same standard as regular models 2. 1 pcs of life testing instead PQ2 test	PQ1:to print a set of standard testing pages, including standard page, black, white, text, gray, grid, ghosting page) to check print quality PQ2: to print certain qty of test pages (for small cartridges 200pages, for middle and big cartridge 500 pages), after this to print a set of standard testing pages to check print quality Life testing: to test cartridge for a whole life and to print a set of standard testing pages by certain page to check print quality
Routing inspection	1.Routing inspection of 3pcs on important positions every 2 hours 2.3%PQ1 test per batch 3.Tiny print defects can be acceptable	1.Routing inspection of 5pcs on important positions every 1 hour 2.5% PQ1 test per batch 3.Only premium quality can be acceptable	
Random inspection	1.0.3% PQ2 test 2.1 life testing by each assemblage task	1.0.5% PQ2 test 2.1 life testing by each assemblage task 3.PQ2 and plastic removal in spection added	

Treatment Of Testing Standards

Page Yield	MPS product page yield must be higher than the OEM.
Dropping Test	Single box drop
Life Test	Do double life test under normal temperature& humidity (25°C/60%)/ high temperature& humidity (35°C/80%)/ low temperature& humidity (5°C/20%) respectively(Must do life test on one multi-function printer)Furthermore, collect different testing environment, printer features and end user' habit among different countries/regions then do one more life test with change of environment, temperature and humidity.
Trial Production	MPS adds a large batch of trial production, material stability and process maturity collected more comprehensive information.
Standard Enforcement	All test results and scripting standards are performed in accordance with A-level standards. (The standards are stricter than B-level standards, see SN Uniform Output Standards)

What are the products offered by Kingway?

Kingway specializes in producing and sales of printer consumables, one of the fastest developing enterprises in recent years. The products cover ink cartridges, toner cartridges, ink, label printer, wide format related products and printer papers etc.

Can you provide OEM service for the customer?
How can you arrange packaging for my private brand?

Yes. About package details, you can discuss with our account executives. Contact us now.

Who are Kingway's customers?

Our customers are spanning Europe, America, Asia-Pacific, Middle-East and Africa, who are remanufacturers, agents, distributors, E-businessman and supermarkets relating with printer consumables. We try to provide the best service to our customers, neither big enterprise nor small company.

How about the products quality?

Strictly produced and inspected according to the standard of ISO9001 & ISO14001.

What is the MOQ of Kingway?

USD 10,000 for ocean shipping; USD 2,000 for air freight. Please contact us for more details.

How to deal with defective products?

After confirming, the defective goods can be exchanged with the ratio of 1:1. We will make concrete solutions to concrete problems.
