About the Company

India International Legacy is a renowned manufacturer and exporter of high-quality Indian handicrafts, established in **2017**. However, our roots go back to **1982** when our parent company, **India International Exporters** was founded. Originally a partnership business, we parted ways in **2016**, and a new entity was created to carry forward our legacy of craftsmanship, quality, and innovation. Located in Moradabad, Uttar Pradesh, India. We specialize in crafting a wide range of **handicraft products** made from a variety of materials, including **Glass, Iron, Brass, Stainless Steel, Wood, and Mixed Materials**. Our diverse product range includes:

Premium Home Décor, Tabletop Accessories, Metal Furniture, Kitchenware, Electric Lamps & Pendants & Other Handicrafts.

Our products are known for their unique finishes, intricate craftsmanship, and superior quality. These attributes make our products highly sought after in the international market. With a commitment to excellence and innovation, we ensure that our products meet the highest standards of quality, which is why they continue to attract customers worldwide. At **India International Legacy**, we take pride in our long-standing tradition of manufacturing authentic, high-quality Indian handicrafts that reflect the rich heritage and culture of India, while catering to the modern demands of global markets.

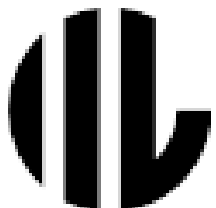

Vision

To be the global leader in manufacturing and supplying exquisite home decorative handicraft items, creating beautiful spaces that inspire and delight.

Mission

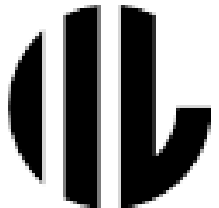

Our mission is to craft exquisite, high-quality home decorative handicraft items that enhance living spaces and reflect the unique personalities of our customers. We are committed to preserving traditional craftsmanship while embracing innovation and sustainability. Through our products, we aim to bring joy, warmth, and a touch of elegance to every home.

We strive to exceed customer expectations by delivering exceptional craftsmanship and unparalleled design.

Sustainable Sourcing

- **ETP** – First Step of cleaning the water we use in our factory.
- **RO** – Getting the water close to drinking quality. We are a 0 discharge factory and reuse all our water.
- **STP** – Cleans the bathroom water to make it fit for safe disposal.
- **Rain Water Harvesting**- To help increase ground water levels.
- **Solar Panels** – Fully integrated with all sources of power/electricity used by us – 170 KW of panels.
