Welcome to Lederist, where we make beautiful leather accessories like purses, small leather articles and wallets. Our team is here to help you at every step – from coming up with ideas to making and building your brands products worldwide. We understand that every accessory tells a unique story.

ABOUT US

Lederist, established in 1998, is a leading manufacturer in İstanbul, Türkiye. Specializing in leather goods, our expertise extends to the production of purses, small leather articles and wallets. We pride ourselves on our commitment to quality craftsmanship and innovation in the leather accessories manufacturing industry.

Mr. Fuat Vatansever and Mr. Ugur Altundis, Lederist harnesses decades of production and business acumen to deliver exceptional leather goods. Based in İstanbul, Türkiye. We specialize in crafting a diverse range of leather articles, including wallets, cases, and purses, primarily from premium calf nappa and cow leather.

Our priority is cultivating strong partnerships and fostering long-term relationships with our valued customers. If you seek a company that offers fast delivery, low minimum order quantities, and superior production capacity without compromising quality or affordability, look no further. Get in touch with us, and we'll gladly provide you with more information.

Why our clients love us...

“I've been sourcing leather goods from Lederist for years now, and they never disappoint. Their attention to detail and commitment to quality shine through in every product. I highly recommend them to anyone looking for top-notch leather accessories.”

Dominik Schmit

“Lederist has been an invaluable partner in bringing my brand's vision to life. Their expertise in manufacturing leather goods is unmatched, and their dedication to customer satisfaction is truly commendable. I look forward to continuing our successful partnership in the future.”

Marian Jantzen

“As a retailer, I'm always on the lookout for suppliers who can deliver both quality and affordability. Lederist exceeds my expectations on both fronts. Their products fly off the shelves, and my customers couldn't be happier.”
