

3DCORK
intelligent nature

From Nature
to you

About us

3DCORK is a family-owned company that specializes in the design, production, and sustainability of cork products since 2006.

With a deep commitment to environmentally friendly practices, 3DCORK has established itself as a leading provider of innovative and stylish cork-based solutions from Homeware to footwear components, sports and industrial pieces.

The company's dedication to sustainability is reflected in its entire production process, from sourcing materials to manufacturing and distribution.

Our vision

Beautify and protect the world through nature inspired design,
innovative everyday objects with positive net environmental
impact.

Why Cork?

- Lightness
- Ecological
- No trees chopped down
- Renewable, recyclable, reusable
- 100% natural
- Made in Portugal

Our Pillars

Production

No Trees are chopped down. Maximum efficiency and renewable resources.

Design

High-quality cork products that combine excellent design, functionality, and sustainability.

People

We aim to have our products in the life of all our stakeholders with a positive net impact.

Ecological & Sustainable

We choose the materials we work with and ensure they come either from sustainable resources and are recyclable.
