Senti o meu corpo desfalecer. Um terrível vazio apoderou-se de mim, como se me desprendesse de mim mesmo, senti-me a vaguear pelo universo, pelo vazio, faltava-me algo, faltava-me tudo. De súbito uma figura olha-me nos olhos, fico perplexo pela sua fisionomia, pela sua beleza, indica-me para a seguir, e eu, como que siderado pela sua hipnotizante presença, segui-a. Como era belo o seu olhar e o seu caminhar, como se flutuasse. Imaginei-me num conto de fadas, quando à minha frente emerge um palácio, sumptuoso, majestoso, e nos seu belos jardins a perfeita donzela pára, e junto a ela uma figura estranha, só com uma cabeça, rica. Continuo a percorrer o espaço e surgem umas figuras pequenas e esbeltas sobre um muro, como por magia tudo se envolve com a donzela. Novas formas estranhas aparecem, com coroas, reis e rainhas estranhas. Uma porta abre-se e embrenhamo-nos dentro do palácio, escadas, corredores, quartos, tudo belo, ostensivo, sublime e sempre, sempre peças estranhas envolvendo a donzela. Máscaras misteriosas, mesas invulgares, lanternas fascinantes, caixas de segredos, jarras, chaves de ouro, prata e cobre, rico, belo, opulento, requintado e precioso. Um telefone pousado sobre um sapato toca, a luz dum candeeiro em forma de boneco cega-me, sobre mim na parede as máscaras olham-me, sobre a mesa colorida de argolas agarro os óculos. As flores da jarra estão ali, junto à caixa com chave onde guardo os meus segredos. No chão o meu gato de pêlo eriçado constante, ignora-me. As velas de cera perfumadas ainda ardem. Pego nas chaves, pousadas na taça de bicos e abro a porta da rua. Vivi um sonho, não é uma ilusão, é...BYFLY.

I felt my body weaken. A terrible emptiness seized me, as if I had let go of myself. I felt myself wandering through the universe, through emptiness, something was missing, everything was missing. Suddenly a figure looks me in the eye, I am perplexed by its appearance, by its beauty, she tells to me to follow her, and I, as if mesmerized by its hypnotizing presence, follow her. How beautiful her gaze and her gait were, as if she were floating. I imagined myself in a fairy tale, when suddenly in front of me a sumptuous and majestic palace appears, and in its splendid gardens the perfect maiden stops, and by her side a strange figure, with only one head, rich. I continue walking around the space and some tiny slender figures appear over a wall, and as if by magic everything gets involved with the maiden. New strange shapes appear, with strange crowns, kings and queens. A door opens and we enter the palace, stairs, corridors, rooms, everything alluring, ostentatious, sublime and always, always strange pieces involving the maiden. Mysterious masks, marvellous tables, fascinating lanterns, secret boxes, jars, golden keys, silver and copper, rich, beautiful, opulent, exquisite and precious. A phone resting on a shoe rings, the light from a lamp in the form of dummy blinds me, the masks on the wall look at me, I grab the glasses from the coloured table of rings. The flowers from the jar are there, near the box with the key where I keep my secrets. On the floor, my cat with bristly fur keeps ignoring me. The scented wax candles still burn. I pick up the keys, placed in the cup and open the front door. I lived a dream, it's not an illusion, it's ... BYFLY.
