

KILIIM

LOOKBOOK & COLLECTION OVERVIEW

Our story begins in Fowwa, a small village that sits on the western banks of the lush Nile Delta. Just a few decades ago, Fowwa used to be a hub for kilim weaving and home to thousands of workshops, however with a declining tourism industry and the fast spread of cheaper machine made rugs, Fowwa's main industry began to fade.

Kiliim is an Egyptian social enterprise and lifestyle brand that aims to revive and sustain the local craft of handmade kilim making in Egypt by introducing modern designs to a time honored technique.
