Story of Our Journey

“Mindfulness helps you go home to the present. And every time you go there and recognize a condition of happiness that you have, happiness comes.”

THICH NATH HANH

Mindfulness is the key. According to Vietnamese Zen master Thich Nhat Hanh, mindfulness is the energy that helps us recognize the conditions of happiness that are already present in our lives. Mindfulness is a source of happiness and joy. One way to cultivate mindfulness is through the practice of refining attention and awareness. No complaints. No regrets. Staying in the now. One moment lived and experience fully, perfectly, gives birth to another perfect moment, and all such moments add up to a perfect day.

For over the past two decades, we have been committed to providing yoga and mindfulness based wellness solutions to the global community. Yoga Guru BKS Iyengar conceptualized and developed, props and gears for the benefit of Yoga community so as to achieve precision and alignment during yoga practice. With due deference to Guru Iyengar, we have gone a step further by providing such functional equipment which are made from the finest sustainable raw material sourced locally. While developing these innovative designs, you will note that our designers are heavily inspired by the Buddhist and Hindu cultures.

We are an SME for whom Yoga's ethical precepts guides our organization the values and mission. Our company embraces the values of gender equality, equal respect for all socio economic and religious groups. Hence, for all of us at Accessory Arcade, our work has a deeper meaning as we are proud to practice, nurture and provide yoga's spiritual and therapeutic solutions.

Namaste!

MEDITATION GEAR

Meditation aids to relieve stress, anxiety, depression and countless more benefits that can't be counted on the fingertips. Meditation props help improve posture and release tension often experienced while sitting on the floor. Thanks to the guidance received from the traditional Buddhist monks along with our own textile experience spanning over 23 years, we could create exceptional quality cushions and mats to make meditating for a longer period of time not only manageable, but truly comfortable.

■ ACUPRESSURE AIDS

The epic, Mahabharata, mentions about Acupressure mats which must have been widely used in ancient India then. We merely reinvented the acupressure mat with our engineering knowledge to manage pain relief.

The mats and pillows are crafted using natural environment friendly materials in our modern factory. Thermal fusing technology is implemented in the manufacturing of mats and pillows, so that the buttons are securely fixed on to the fabric. The dyed fabric is tested to meet EU standards and plastic buttons undergo ROHS (Restriction of Hazardous Substances Directive) testing using XRF (Xray fluorescence) technology.

With more than 8000 nontoxic pointed spikes to stimulate acupressure points along the neck, spine and back, the pressure points near the body's meridians, or energy channels, are stimulated. Pressure applied by the acupressure points help improve blood flow which causes significant pain relief.

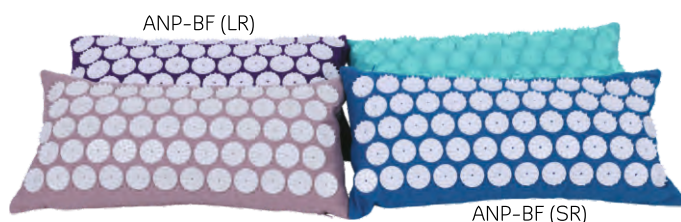

Acupressure Mat & Pillow

Product Specifications

■ YOGA EQUIPMENT

Yoga is an ancient Indian practice that brings together mind and body. The ancient yogis used logs of wood, stones and ropes to help them practice yoga exercises (asanas) effectively. Use of props makes the asanas more accessible to all practitioners, irrespective of their flexibility, age, strength or training level. Props allow muscular extension to take place while the brain remains passive. We have made sure our products are of supreme quality starting from sourcing to fabrication ensuring you can practice yoga without worrying!

Bolster: Cylindrical

Product Specifications

	Cylindrical bolster
Size in cm	59 Length x 21.5 diameter
Weight in Kg	2.00/ 4.00(Cotton/ Buckwheat Hull)
Outer Cover	Dyed/ Printed Cotton Twill/ Cotton Canvas / Linen
Inner Cover	Zippered Cotton duck canvas/ Sheeting
Filling	Buckwheat hull/ Cotton batting/ Kapok

Weight in Kg	3.40
Border	Serging/ Cotton tape

■ SOUND HEALING & STATUE

Originating in the Himalayas over 2000 years ago, singing bowls are used worldwide for meditation, music and relaxation. Each singing bowl comes with a wooden striker that generates a healing vibration and enlightens the chakras during meditation. Tibetan tingsha are small cymbals used in prayer and rituals by Tibetan Buddhist practitioners.
