ABOUT US

DK Glassware Co., Limited is specializing in high borosilicate glassware, which is safe for use in ovens, microwaves, dishwashers and freezers. Our items include borosilicate glass storage containers, glass bakeware, teapots, storage jars, glass bottles as well as many innovative accessories for the kitchen. We are a rapidly growing industrial manufacturer that operates the business throughout the world. Our innovative technologies and manufacturing expertise have made us become one of the leading enterprises in the Pacific Region, Europe and North and South America. Currently, we export our products to over 60 countries and regions.

Our company also has R&D and design departments. Annually, we allocate no less than 10% of our sales revenue for research and development. With good quality products, competitive prices and excellent services, we have won a good reputation among customers at home and abroad. We warmly welcome friends from all over the world to cooperate with us.

03

04

DK harmless multi-function steamer can not only be used for steaming seafood and cooking vegetables, but also for family members.

1. Open the portable part of the cover one by one

2. Put the lid to the container and justify the edge

3. Tap the middle of the silicone cover to exhaust air, forming a negative pressure seal

4. Put the portable part down so that it fits close to the bowl wall.
