A GOVERNMENT OF INDIA RECOGNIZED EXPORT HOUSE

ESTD  1974

In the modern business environment, purchasing high-quality products at competitive rates is the key ingredient for a company's global existence.

Peerless International began its foray into the Home Furnishing trade as a manufacturer of rugs, bathmats, slippers, and various made-ups. It finally transitioned from a traditional domestic supplier to a global export house in 2006 and has operated globally under 'Peerless International' since then. It also earned the term "Quality Manufacturer" as a result of its consistent hard work and quality precision.
