Scrub salt is the perfect choice for achieving soft, smooth, and healthy skin. This fine-grained scrub salt has a soothing effect, rejuvenates the skin, and improves circulation. It gently removes dead skin cells and is suitable for sensitive skin due to its delicate texture.

To use, apply to wet skin, massage gently, and rinse with water. Regular exfoliation can help reduce blemishes, loosen ingrown hairs, and fade scars. However, it's best to exfoliate just 2–3 times per week to avoid overdoing it, as daily exfoliation can damage your skin.

Enjoy radiant skin with this indulgent scrub salt!
