《 Lacquer Coating
Shimakokutan 》

Used Shimakokutan, a high-grade wood that has the highest strength of any commonly distributed wood. The lacquering was gently executed using the "Suri-Urushi" technique, which gives the beautiful luster of lacquer and the original warmth of the wood grain.

Reusable chopsticks

Square tip Dish washer safe Micro wave safe

Eco friendly chopsticks conserve resources!

Disposal chopsticks that are thrown away once they are used become trash. In order to reduce this waste, it is important to use chopsticks which can be used repeatedly. This is the first step in addressing enviromental issues. Reusable chopsticks are eco friendly and can be used repeatedly in the home or restaurant, and have durability for both type of dishwasher; domestic use and professional(restaurant) use.

01 POINT

The chopsticks tips are square, so it's easy to pick.

The chopsticks tips are square, so they can be used for any cuisine.

02 POINT

Repeatable durability.

Machine washable, heat resistance up to 220°C, microwave safe. Perfect for repeated use in the restaurants or hotels!

03 POINT

Eco friendly with reduced costs and waste.

Repeated use saves costs! No disposable chopsticks waste! Balancing enviroment and economy.
