A black and white photograph of a stapler, showing its base and the stapling mechanism. The stapler is positioned diagonally, with the base at the bottom left and the stapling head at the top right. The base is dark and has a textured surface. The stapling head is lighter and has a curved shape. A small, dark object, likely a staple, is visible near the base of the stapling head.JJ40134JJ401139JJ401141JJ40136JJ401140JJ40137JJ40165JJ40129
