# About Us

Dinamo Cosmetics was established in Tuzla/Istanbul in 2013, but since 2021, it continues its activities in the factory with an area of 20,000 m2 in Gebze/Kocaeli.

It carries out its domestic logistics operations from its warehouse in Kocaeli and Antalya, and its international logistics operations from its warehouse in New Jersey in the USA.

Dinamo Cosmetics' production facility complies with Global Quality Standards and has GMP, ISO 22716, ISO 9001, IFS, BRC, TSE, FDA certificates. The company has started the production process with hotel amenities and it is currently developing new products in the categories of Personal Care, Home Fragrances, Perfumes and Pet Care. Dinamo Cosmetics can also produce plastic preforms, caps and bottles with its plastic injection and blow molding lines

In addition to all these, there are molding lines that can produce products such as slippers and bath fiber, and a production line that can produce fabric from yarn at the factory.

As Dinamo Kozmetik, we transform sunlight into energy with our new solar panel investments. We create renewable energy sources for a sustainable world.

# assisi Rumi

*The literal meaning of "Rumi" is associated with Anatolia. We aimed to transfer and preserve the Rumi motif, which experienced its most magnificent period in the Ottoman era, to today's accessible products.*

## Stambul

This colorful series we designed,  
We dreamed that it would bear the traces of  
Istanbul's rich culture and visual feast.  
We present to you the female figure, which we  
think symbolizes the unknown "Istanbul  
Crocus", with its flower motif and Istanbul  
Crocus scent.

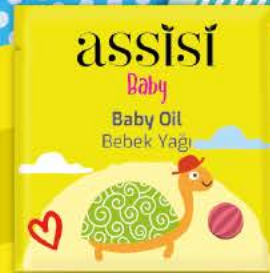

Hoping our paths cross again...

A pair of white, plush slippers is positioned on a brown and tan patterned rug. The slippers are oriented diagonally, with the left slipper in the foreground and the right slipper slightly behind it. The rug features a complex, repeating geometric pattern. The lighting is soft, casting gentle shadows and highlighting the texture of the slippers and the rug.
