SINCE 1978

Xingda Stationery Group Co., Ltd, established in 1978, is located in Jiangsu province of China. With a covered production area of 150,000 m², Xingda has grown and expanded itself as a leading manufacturer in the stationery and Art-craft industry in Asia. Main products include Glue stick, Liquid glue, White glue, Glitter glue, Window glue, Craft glue, Paint, Crayon, Oil pastels with variety in size and package.

With more than 40 years' development, Xingda has imported lots of advanced machines, such as automatic injection machines, automatic blow molding machines, automatic filling machines, automatic labeling machines, etc, which becomes Xingda' s unique strength to ensure reliable quality. Implementing the principle of Customer-orientation, the mould workshop designs and produces customized products with different requirements. With strong support from professional R&D team and most advanced laboratory equipments, new product innovation and inspection system keep Xingda a pioneer in world stationery industry.

Xingda produces a variety of products developed with a dedication to quality. All products are non-toxic and confirms to European EN71 and America ASTM-D4236 standards with test reports. With good quality, excellent service and social responsibility awareness, Xingda has cooperated very successfully with world leading retailers like Elmer' s, Office Depot, Disney, TESA, UHU and enjoys good reputation in stationery markets of USA, Europe, Asia, South Africa and South America.

Xingda continues to explore customers' specific expectations and manufacture innovative products to meet customers' needs. In Xingda, customers could expect more than they need!

About US

GROUP PHILOSOPHY

Xingda advocates "Customer-centered", "Market-oriented" and "Environment-protected" as its group philosophy.

CUSTOMER-CENTERED

Start from customer demand and end with customer satisfaction.

We would not only provide pre-sale and post-sale service for customers but also provide concept service, forming strategic partnership with customers. Be meticulous in work, be excelsior in quality and be perfect in service. Any small requirement of customers deserves our maximum effort.

MARKET-ORIENTED

We insist on manufacturing products based on market needs and providing our customers the most valuable products they will find in the market. We reach out to our customers when they have different requirements of products and provide them innovative solutions.

ENVIRONMENT-PROTECTED

With popularization of environment protection idea all over the world, Xingda pursue the same idea in manufacturing process. We spare no efforts to save energy reasonably and reduce unnecessary waste in every manufacturing procedure of products. All our products could be recycled without pollution to pursue the harmonious development between human beings and nature.

BRAND PHILOSOPHY

Passion for work and life is our belief. We Xingda do not only manufacture products, but also provide innovative solutions for people and help them create and learn for life.

Honesty and respect are our cooperation basis. Only the honest and respectful company could obtain customers' trust and grow forever. Excellence and development are our common pursuit.

We strive to improve office and school quality with high-quality products and sincere service. We hope to enable our customers to enjoy an intelligent office space and happy study environment and make contribution to the world' s development of stationery and improvement of life quality.

We have become one of the top suppliers of office products and school products. Our success is based on strong R&D ability, creative design, prompt production and strategic marketing and excellent customer service and we would continue to serve customers with heart and soul.

Glitter Glue

Helpful Hints:

- Position pen tip on a clean dry surface at room temperature.
- Use care in handling artwork until paint is completely dry.
- Drying time varies depending on the thickness of the paint coverage.
- Apply cap after use to prevent clogging

Painting & Design Techniques:

- Thick and thin lines—vary the amount of pressure you use to squeeze out the paint as you move across the paper.
- Create Cool Borders!

Helpful Hints:

- Position pen tip on a clean dry surface at room temperature.
- Use care in handling artwork until paint is completely dry.
- Drying time varies depending on the thickness of the paint coverage.
- Apply cap after use to prevent clogging.

Painting & Design Techniques:

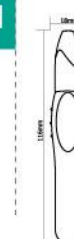

- Thick and thin lines-Vary the amount of pressure you use to squeeze out the paint as you move across the paper.
- Create Cool Borders!

KO Project Bin: Use KO 3D pens to decorate birthday cards, posters, or create a Picture Perfect Frame.

Clean-up: Washes from most fabrics with warm water in one or two washes. Air Dry. For best results, wash immediately. Protect items that cannot be laundered. Do not dry clean.
