# Notebook 411

**More thoughts, more ideas, more memories, more pages –**  
the expanded version of the bestselling notebook in Medium (A5) format.

160 additional pages offer generous space for personal expression. Specifically designed for heavy writers, deep thinkers, and avid notetakers, this new notebook consolidates ideas, thoughts, memories, inspirations, information and appointments all in one central location.

With its 411 numbered pages, this expanded version of the classic notebook lays the groundwork for an even longer and more intensive use.

Rather than filling multiple notebooks throughout the year, the notebook 411 accompanies its users on a continuous journey – whether for creative projects, long-term planning, or personal reflections. It not only helps maintain an overview but also creates space for sustainable development, allowing ideas and plans to flourish.

The notebook 411 is available in four fresh colours and three rulings.
